ORDER

This matter arises from motions for confidentiality treatment filed by Kentucky Utilities Company (KU) and Louisville Gas and Electric Company (LG&E) (jointly, LG&E/KU), pursuant to 807 KAR 5:001, Section 13, in the respective cases. The motions were filed between November 2018 and March 2019; the Commission has not yet ruled upon the motions. Because this case is closed, the Commission, on its own motion, opens the case to rule upon the motions. To remove the uncertainty regarding the outstanding motions, the Commission will grant all of the 19 outstanding petitions for confidential treatment listed in the Appendix to this Order.

The Commission takes this unorthodox approach due to the passage of time since many of the petitions were filed. The Commission notes that, to its knowledge, no person<sup>1</sup> has sought to review the material for which confidential treatment has been sought in the

<sup>1</sup> This does not include parties to a case who might have executed a confidentiality agreement with the party filing the petition.

various petitions. Thus, granting the petitions will result in no prejudice. A person may request inspection of the confidential materials pursuant to 807 KAR 5:001, Section 13(10)(d), at which time the movant that requested confidential protection will have to justify continued confidential treatment of the material.

The granting of the petitions for confidential treatment by this Order should not be construed as a finding of the Commission on the merits of each petition. Similarly, the Commission's granting of confidential treatment should not be cited as precedent in support of future petitions for confidential treatment.

LG&E/KU should review each confidentiality petition to determine if the information for which confidential treatment was requested currently warrants confidential treatment. For example, LG&E/KU should review the petitions to determine if the time for which confidential protection was requested has elapsed, or if the information had subsequently become publically available. If LG&E/KU make the determination that the requested information no longer warrants confidential treatment, LG&E/KU should notify the Commission in writing of this determination. LG&E/KU's notification will be placed in the case record and the Commission will make the no-longer confidential information available for inspection upon request.

IT IS THEREFORE ORDERED that:

1. This case is opened to address certain outstanding petitions for confidential treatment.
2. The petitions for confidential treatment listed in the Appendix to this Order are granted.

3. The granting of these petitions shall not be cited as precedent in other proceedings before the Commission.

4. LG&E/KU shall review the petitions to determine if the material for which confidential treatment was requested still warrants confidential treatment.

5. LG&E/KU shall inform the Commission in writing in the post-case correspondence file if LG&E/KU determine that the information contained in a petition that is granted by this Order no longer warrants confidential treatment.

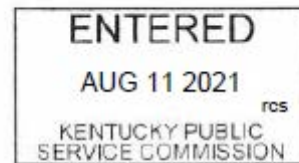

6. The Commission shall make any materials available for inspection, upon request, that LG&E/KU determine no longer warrants confidential treatment.

7. This case is closed and removed from the Commission's docket.
