RE: P.R. Wastewater Management Case No. 2018-00339

Dear Sir or Madam,

The enclosed notice was mailed today, October 31, 2018 to all customers of P.R. Wastewater Management, Inc. This is the second notice sent, as the first did not include the dollar increase.

Also enclosed is a corrected billing analysis, as the last one sent to you had incorrect math with a transposed number in the monthly revenue Proposed Rate.

These documents correct the deficiency noted by the Public Service Commission in a letter dated October 16<sup>th</sup>, 2018, and is a follow-up to the letter mailed back to the department on 10/22/18 regarding the deficiencies noted stating this would be done.

Thank you,

Lawren A. Just  
President, P.R. Wastewater Management, Inc.

## NOTICE

P.R. Wastewater Management, Inc. (PR Wastewater) has filed an application with the Public Service Commission proposing to increase its monthly sewer rate from \$26.30 to \$35.00, an increase of 33%. PR Wastewater believes it could justify an even larger increase based on both its current operating costs and the need for additional maintenance, repairs, and replacements, but is proposing the \$35.00 rate to lessen the effects on its customers. Please be aware that PR Wastewater's rates have not been increased since the year 2000 and that its costs have increased significantly because of more stringent regulatory requirements and inflation. The proposed effective date of the change is November 6, 2018.
