RE: Purchased Water Adjustment

Dear Ms. Pinson:

Ledbetter Water District hereby requests approval for a Purchased Water Adjustment. Pursuant to Case number 2018-00414, Crittenden-Livingston Water District has raised the rate that it charges us for water. The old rate was \$2.58 per thousand gallons, and the new rate is \$2.83. Attached are the application form for the requested PWA along with supporting documentation. Also attached is the notice from Crittenden-Livingston regarding the rate increase.

Ledbetter Water District will publish notice of the rate increase, according to PSC regulation, one time prior to rendering bills at the new rate. An affidavit from the publisher will be provided to the PSC when available.

During the twelve month period from May 1, 2018 to April 30, 2019 Ledbetter Water District purchased 35,832,900 gallons of water from Crittenden-Livingston Water District. During the same period Ledbetter also produced water. Water sales to customers during the period were 60,419,432 gallons.

The PWA factor calculates to 0.148. In order to recover the full cost of the purchased water increase the PWA factor was rounded to 0.15. If you need more information please contact us.

Sincerely,

Billy Downs
District Manager
