

To whom it may concern:

I being a Clark energy customer **DO NOT**  
Approve of their rate increase. They want  
to raise rates on people that are unsure  
if they have a job. This is just like  
them catch people down and raise rates.  
People are unsure of anything during this  
time. Clark energy is greedy and  
we already pay the highest rates around.  
This is total [REDACTED] of  
them. Please **DO NOT**  
**Allow this Rate increase**
