Louisville Gas and Electric Company

DEFENDANT

ANSWERS TO COMMISSION:

a.

The property at the 138 Buchanan is a property owned in part by William Fox, The LGE service was initiated in or about February 2012 in my name William Fox.

As reported to LG&E, the property is the shared business location to 5 businesses. These business are either owned 100% or in partnership by myself, William Fox. These business have operated on and off through the years.

In or about August 2019, On advices from our LGE representative. It was stated, to be eligible for any saving or charges or reclassification. Service should be put in a business name. From the 5 businesses available at this location. Soup

CASE NO.2020-00116

Coop was chosen. After it was apparent there was nothing to be gained. Service was reverted back into my names William Fox. The Soup Coop business and it's partnership did not want the liability of the utilities for all business located at 138 Buchanan. Soup Coop was less than 25 % portion of the usage of the property, but was assuming all of the liability of the utilities.

b.

Soup Coop is one of several business that reside at 138 Buchanan St. William Fox has partial ownership in Soup Coop. William Fox has partial ownership of all other businesses operating at 138 Buchanan st. The LGE account is listed in my name, William Fox, and is a partner in the property ownership.

c.

Business activity at 138 Buchanan is diverse. As stated to LGE in the past. Operating at the said property:

JABB Properties LLC - A Real Estate Company

JG Franchising - A franchising company

Amazing Chicken Company - a food program and wholesaler

Billy Bowls- a food program and wholesaler

Amazing Chicken - Occupies office space and use of kitchen area. Day to day operations consistence with research and development of new products for its Brand. Accounting and clerical. Use of warehouse for distribution. Use of cold storage.

Billy Bowls- Occupies office space and use of kitchen area. Day to day operations consistent of research and development of new products for its brand. Accounting and clerical. Use of warehouse for distribution. Use of cold storage.

Soup Coup - Occupies office space and use of Kitchen area. Soup Coop's day to day operations consist of producing product in our commercial kitchen for its brand JGumbos. Soup Coop is the owner of the J.Gumbo's restaurant locations. All of the JGumbos' products are produced by Soup Coop at 138 Buchanan st. Soup Coop owns the brand and all proprietary recipes that it produces for its JGumbos store. Use of warehouse for distribution. Use of cold storage.

Soup Coop Is a tenant of William Fox. To simplify what Soup Coup does. It takes raw tomatoes and makes tomatoes soup. JGumbo's has 14 locations that Soup Coop provides product to.

Since its Conception, Soup Coop's income has been solely from its stores and production of the JGumbos products.

d.

Information for billing attached.

e.

Bills that are in dispute are from the period 08/21/13 to present.

04/30/09 I began service with LGE in my name William Fox, at 1334 Story ave. Operating under the same business model. At the Story ave location we produced all the JGumbos products as we presently do.

In 2012 the business was moved to the location at 138 Buchanan st. LGE service was transferred from 1334 Story ave to 138 Buchanan st. Remaining in my name William Fox

At the original business location of 1334 Story ave. The service was considered commercial service. When service was transferred to 138 Buchanan St. Service was still considered commercial.

On 8/21/13 the classification of the account had changed. Prior to this date for 40 months, in two different locations LGE classified us as a commercial user. Our classification went from Commercial to Industrial. I was never contacted regarding this change. No inquire was ever made as to our business model.

The amount of electrical usage is clear and is not in dispute. But if the classification from commercial to industrial has increased my bills, this should be refunded.

Specifically concerning the gas usage. This is made clear in the Tariff. Both in terms of classification and cost of the gas and service.

CGS APPLICABLE

P.S.C. Gas No. 12, Original Sheet No. 10

“Firm Commercial Gas Service

The term “commercial” customers shall include customers using gas in activities related to **warehousing, distributing, or selling commodities, providing professional services, wholesale and retail stores, offices, office buildings**, hotels, retail bakeries, hospitals, schools, churches, religious or charitable institutions, governmental agencies, other institutions or the like (including local, state, and federal governmental agencies) and for uses other than those involved in manufacturing. “

Firm Industrial Gas Service  
IGS

“ Applicable to firm natural gas sales service to customers engaged in industrial activities that involve manufacturing or other activities that process, create or change raw or unfinished materials into another form or product when supplied at a single point of delivery and where distribution mains are adjacent to the premises to be served.

**Combination industrial and commercial accounts shall be considered industrial if usage for industrial purposes is half or more than half of the total service over the course of a year.**

**The term “industrial” customers shall include customers involved in activities using gas primarily in a process or processes which either involve the extraction of raw materials from the earth, or a change of raw or unfinished materials into another form or product through the application of heat or heat treating, steam agitation, evaporation, baking, extraction, drying, distilling, asphalt production, vehicular fueling of internal combustion engines, and for other similar uses. Customers using natural gas for vehicular fueling of internal combustion engines must also elect service under Rider NGV. Applications related to the use of gas in standby or other electric generation in industrial applications shall not be served under this rate schedule unless (1) such facilities were installed and operating under this Standard Rate IGS before ninety (90) days after August 1, 2010, or (2) such facilities have a total connected load of less than 2,000 cubic feet per Company’s gas system to perform such service without detriment to its other 2019-00078 dated April 23, 2019, and 2018-00295 dated April 30, 2019”**

RATE

Basic Service Charge per day: \$ 24.64 per delivery point

The property at 138 Buchanan street serves its tenants as follows.

**warehousing, distributing, providing professional services, wholesale and offices, office buildings.**

Each tenant enjoying the use of the facility as needed as described about. Fully qualifying for the Firm Commercial Gas Service and rates.

Should the commission so determine that Soup Coop is an industrial user. It is well below the 50% threshold of the usage that would classify the account and usage as Industrial.

As stated in the Tariff:

**“Combination industrial and commercial accounts shall be considered industrial if usage for industrial purposes is half or more than half of the total service over the course of a year.”**

Complainant is asking for any over billing in the result of the electrical classification from commercial to Industrial from 6/30/13 to present. These charges would have to be calculated and determined by an expert.

The over billing on the gas service is made more clear by the Tariff.

The correct bill of Firm Commercial Gas Service charges should have been:

Basic Service Charge per day: \$ 1.97

But were charged at the rate: per day:

Basic Service Charge per day: \$ 24.64 per delivery point

Over amount billed:

8/21/13 switched from Firm Commercial Gas service to Firm Industrial Gas Service.

Difference of \$22.67 ( \$24.64 - \$1.97) a day, approximately 2214 days of over billing
