RE: Case No. 2020-00349

This letter is regarding "Notice To Customers of Kentucky Utilities Company" that I received in my bill this month stating that Kentucky Utilities Company is requesting to increase their rates & charges for their customers, becoming effective on or after January 1, 2021.

I am writing in request for intervention of Case No. 2020-00349. I am a Kentucky Utilities Company customer.

Grounds for requested intervention:

Families are struggling to make ends meet just in keeping a roof over their head & putting food on their table due to the crisis our country is in. There are many Kentucky Utilities Company customers currently struggling to pay monthly bills now. Increased rates will most certainly expand the struggles.

There are so many people out of work/laid off from their jobs, I do not feel that a 10.67% rate increase is fair nor justified, given the times that we are in.

Please ask yourselves with careful consideration: Is a rate increase for K.U. customers really necessary?

I am asking that a rate increase please be rejected.

Thank you.
