COMMONWEALTH OF KENTUCKY

BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

KEVIN WOODS

ALLEGED VIOLATION OF UNDERGROUND FACILITY DAMAGE PREVENTION ACT CASE NO. 2021-00353

OPENING ORDER

Kevin Woods (Mr. Woods) has been named as a party to an investigation before the Kentucky Public Service Commission (Commission) for allegedly violating the Kentucky Underground Facility Damage Prevention Act (Act).¹

Pursuant to KRS 278.495(2), the Commission has jurisdiction to regulate the safety of natural gas facilities in Kentucky and to enforce minimum federal pipeline safety standards. Under the Act, the Commission has authority to investigate and assess civil penalties for any violation of the Act that results in excavation damage to an underground facility used to transport natural gas or hazardous liquid subject to federal pipeline safety laws, 49 U.S.C. § 60101, *et seq.* Any person who violates any provision of the Act is subject to assessment of a civil penalty in the amount of \$250 for the first offense, no more than \$1,000 for the second offense within one year, and no more than \$3,000 for the third and any subsequent offense. Additionally, any person whose violation of the Act results in damage to an underground facility containing any flammable, toxic, corrosive,

¹ KRS 367.4901 through KRS 367.4917.

or hazardous material or results in the release of any flammable, toxic, corrosive, or hazardous material is subject to an additional penalty of up to \$1,000.

Following receipt of a report of excavation damage to its underground gas pipeline from an operator, Commission Staff (Staff) conducted an investigation and prepared an Incident Report, a copy of which is attached to this Order as an Appendix. In its Incident Report, Staff cites Mr. Woods for violation of the following provision of the Act:

> KRS 367.4911(1)(a) – Each excavator, or person responsible for an excavation, planning excavation or demolition work shall, not less than two (2) full working days nor more than ten (10) full working days prior to commencing work, notify each affected operator of the excavator's intended work and work schedule. Contacting the applicable protection notification centers shall satisfy this requirement.

Based on its review of the Incident Report and being otherwise sufficiently advised,

the Commission finds prima facie evidence that Mr. Woods violated the Underground

Facility Damage Prevention Act. The Commission further finds that a formal investigation

into the excavation damage incident should be conducted.

IT IS THEREFORE ORDERED that:

1. Mr. Woods shall submit to the Commission, via email sent to <u>PSCED@ky.gov</u> with the case number of this proceeding in the subject line of the message, a written response to the allegations contained in the Staff Incident Report within 20 days of receipt of this Order.

2. Any partnership, corporation, or business entity (including a limited liability company) must be represented by an attorney licensed to practice law in Kentucky, and such representation includes the filing of papers with and appearances at hearings before the Commission.

-2-

3. An individual may submit a response to the allegations contained in the Staff Incident Report without the representation of an attorney.

4. The Staff Incident Report 43508 in the Appendix to this Order is made a part of the record in this case.

5. Please note that notice of a hearing to be held in this matter will be mailed to Mr. Woods once proof of service is received by the Commission. Parties who fail to appear after service will be subject to entry of a default judgment against them.

INVESTIGATION

On 04/19/21 an attempt to contact the excavator resulted in a message stating you have reached 606-339-4150 wherein a message was left. Keven Woods returned the call leaving a message.

On 05/18/21 Mr. Woods call was returned and a message was left and Mr. Woods returned the call leaving his email address, <u>kevin.wood2@gmail.com</u>.

On 05/19/21 Mr. Woods stated that no call was made to 811. Mr. Woods stated that on the incident date the gas company's representative on scene indicated and place in his report that it would have made no difference if 811 was called due to the service line being un-locatable.

On 05/24/21, via email, the Operator, Paintsville Utilities' Tom Daniels, stated that he contacted Bobby Goble of Paintsville Utilities and Mr. Goble stated that he would never tell anyone a line is un-locatable. **Mr. Daniels's email is included as Attachment 2.**

On 05/25/21 a voice message was left informing Mr. Woods that a Demand Letter offering the Damage Prevention Course and the reduce penalty payment of \$100.00 would be forthcoming.

On 06/08/21 Mr. Daniels provided the following documents:

diversion ditch and failed to call the KY Contact Center (811). The Damage Report (DR) is included as Attachment 1.

- <u>Third Party Damage Report</u>: Indicating Mr. Woods was digging a drainage ditch around the property, no call
 was made to 811, a small excavator was being utilized and a ³/₄ inch service was punctured.
- <u>Paintsville Fire Dept. Incident Report:</u> Indicating the Fire Dept. was displaced to the incident location and gas was spraying from the pipe with no fire. The owner of the property was on scene and he was attempting to dig a ditch for water/drainage control when the damage occurred and no call to 811 was made.

The documents provided by Mr. Daniels are included as Attachment 3.

VIOLATION KRS 367.4911

(1)(a) Each excavator, or person responsible for an excavation, planning excavation or demolition work shall, not less than two (2) full working days nor more than ten (10) full working days prior to commencing work, notify each affected

From:tmdaniels@paintsvilleutilities.comSent:Monday, May 24, 2021 2:35 PMTo:Tout, Eric V (PSC)Subject:Re: 43508, 4/7/2021, 209 Jennifer Dr., Paintsville, Woods, Kevin

I talked with Bobby Goble and he said that we would never tell anyone that a line was unlocatable.

On May 19, 2021 12:13 PM Tout, Eric V (PSC) <ericv.tout@ky.gov> wrote:

Hello Tom,

Mr. Woods stated that the gas company's representative on scene place in his report, that it would have made no difference if 811 was called due to the service line being un-locatable. I will need a copy of that report and did any of Paintsville Utility's employees make statements regarding this service being un-locatable?

Thanks,

Eríc V. Tout

Primary action taken was 55 Establish safe area.

En Route Time was 1716.

Arrival Time was 1731,

In Service Time was 1731.

In Quarters Time was 1731.

Officer In Charge was Anthony Barker.

More details of incident 2101112 can be found below.

PFD dispatched by Paintsville/Johnson Co, E-911 by alert tones to above location in reference to a gas line being exposed and spraying gas into the air. Dispathced advised that they had already made contact with City Utilities and that they had someone encute. Upon our arrival to the above address the Irucks was staged a safe distance away form the area. There was no flame visible coming from the gas line. Crews found a small excavator and male subject near the gas line. Male stated that he was the owner of the property and was try to dig a drainage ditch around the property cause he had water standing in the basement. He was asked if he contacted 811 before he started to dig and he advised negative. He situation. While turning the scene over Paintsville Fire All call tones was activated for a fire. Crews cleared the scene to respond to the fire. City Utilities remained on scene.
