BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

SOUTHERN CONTRACTOR OF KY LLC)	
)	
_____)	CASE NO.

ALLEGED VIOLATION OF UNDERGROUND)	
FACILITY DAMAGE PREVENTION ACT)	

OPENING ORDER

Southern Contractor of KY LLC (Southern Contractor of KY) has been named as a party to an investigation before the Kentucky Public Service Commission (Commission) for allegedly violating the Kentucky Underground Facility Damage Prevention Act (Act).¹

Pursuant to KRS 278.495(2), the Commission has jurisdiction to regulate the safety of natural gas facilities in Kentucky and to enforce minimum federal pipeline safety standards. Under the Act, the Commission has authority to investigate and assess civil penalties for any violation of the Act that results in excavation damage to an underground facility used to transport natural gas or hazardous liquid subject to federal pipeline safety laws, 49 U.S.C. § 60101, *et seq.* Any person who violates any provision of the Act is subject to assessment of a civil penalty in the amount of \$250 for the first offense, no more than \$1,000 for the second offense within one year, and no more than \$3,000 for the third and any subsequent offense. Additionally, any person whose violation of the Act results in damage to an underground facility containing any flammable, toxic, corrosive,

¹ KRS 367.4901 through KRS 367.4917.

or hazardous material or results in the release of any flammable, toxic, corrosive, or hazardous material is subject to an additional penalty of up to \$1,000.

Following receipt of a report of excavation damage to its underground gas pipeline from an operator, Commission Staff (Staff) conducted an investigation and prepared an Incident Report, a copy of which is attached to this Order as an Appendix. In its Incident Report, Staff cites Southern Contractor of KY for violation of the following provision of the Act:

KRS 367.4911(10) – When excavation or demolition is necessary within the approximate location of the underground facility, the excavator shall hand-dig or use nonintrusive means to avoid damage to the underground facility.

Based on its review of the Incident Report and being otherwise sufficiently advised, the Commission finds prima facie evidence that Southern Contractor of KY violated the Underground Facility Damage Prevention Act. The Commission further finds that a formal investigation into the excavation damage incident should be conducted.

IT IS THEREFORE ORDERED that:

1. Southern Contractor of KY shall submit to the Commission, via email sent to PSCED@ky.gov with the case number of this proceeding in the subject line of the message, a written response to the allegations contained in the Staff Incident Report within 20 days of receipt of this Order.

2. **Any partnership, corporation, or business entity (including a limited liability company) must be represented by an attorney licensed to practice law in Kentucky, and such representation includes the filing of papers with and appearances at hearings before the Commission.**

3. The Staff Incident Report 31831 in the Appendix to this Order is made a part of the record in this case.

4. **Please note that notice of a hearing to be held in this matter will be mailed to Southern Contractor of KY once proof of service is received by the Commission. Parties who fail to appear after service will be subject to entry of a default judgment against them.**

Re: Violation of Kentucky Underground Facility Damage Prevention Act
Incident Number: 3 1 5 9 4

DEMAND FOR PENALTY ASSESSMENT AND REMEDIAL MEASURES

Dear Mr. Gay:

The Kentucky Public Service Commission (Commission) received a report on May 24, 2019, regarding damage to a natural gas or hazardous liquid facility owned and/or operated by the Columbia Gas of Kentucky, Inc. Under the Kentucky Underground Facility Damage Prevention Act (Act), KRS 367.4901 through KRS 367.4917, the Commission has jurisdiction to investigate and assess civil penalties for any violation of the Act that results in excavation damage to underground facilities used to transport gas or hazardous liquid subject to federal pipeline safety laws, 49 U.S.C. secs. 60101 et seq. The Commission regulates the safety of jurisdictional natural gas pipelines in the Commonwealth pursuant to KRS 278.495 and 49 CFR Parts 190, 191, 192 and 195.

Following receipt of the damage notification, Commission Staff (Staff) performed an investigation of the incident and prepared the attached incident report. Based on its investigation of the incident, Staff has determined that Arvin Gay d/b/a Southern Contractors of Kentucky LLC committed the following violation(s) of the Act:

- KRS 367.4911 (6) The excavator shall protect and preserve temporary underground facility markers until the scheduled excavation or demolition is completed.
- KRS 367.4911 (10) When excavation or demolition is necessary within the approximate location of the underground facility, the excavator shall hand-dig or use nonintrusive means to avoid damage to the underground facility.

CIVIL PENALTY

KRS 367.4917 provides that a person who commits a violation of the Act shall be subject to a civil penalty not to exceed \$250 for the first violation, \$1,000 for the second violation within one year, and \$3,000 for the third and any subsequent violation. If the violation results in damage to an underground pipeline used to transport gas or hazardous liquid, the violator is subject to an additional civil penalty not to exceed \$1,000 per violation. Based on its investigation of this matter, Staff has determined that you should be assessed a penalty in the total amount of \$1,250, first offense, but that \$1,000 of the penalty should be suspended contingent upon completion of the following remedial measure:

REMEDIAL MEASURE

- You or your representative shall attend a Damage Prevention training course to be held at the offices of the Commission, 211 Sower Blvd. in Frankfort, Kentucky, 40602 on J a n u a r y 6 , 2020. The course will begin at 1:00 p.m. and conclude at 3:00 p.m.

If you do not wish to contest the proposed penalty, you should mail or deliver a cashier's check or money order made payable to the "**Kentucky State Treasurer**", within 30 days of the date of this letter, to:

Kentucky Public Service Commission
211 Sower Boulevard
Frankfort, Kentucky 40602

Please include the Incident Number 31594 on the cashier's check or money order submitted for payment.

Payment of the proposed civil penalty and completion of the remedial measure will satisfy and resolve any and all claims against you for any violation of the Act arising out of the M a y 9 , 2 0 1 9 incident. Your payment of the proposed civil penalty will not be considered an admission by you that it willfully violated any provision of the Act.

If you do not pay the proposed civil penalty within 30 days of the date of this letter, the Commission will institute an administrative proceeding against you and hold a formal hearing during which you will have an opportunity to present evidence and show cause why it should not be assessed penalties under KRS 367.4917 as a result of the May 9, 2019 incident.

If you have any questions regarding this demand for remedial measures and penalty assessment, please contact John E. Gowins, Division of Inspections at 502-782-2656.

Sincerely,

John S. Lyons
Deputy Executive Director
Kentucky Public Service Commission
