Sent: Monday, November 8, 2021 8:16 AM

To: PSC Public Information Officer <PSC.Info@ky.gov>

Subject: Proposed 138-kv transmission line case no. 2021-00346 passing over/near property belonging to Chalmer Allen

To whom it may concern:

I received a letter from Kentucky Electric Power providing notice of proposed construction of a 138-kv electric transmission line (case no. 2021-00346) that contained a map that shows this new power line could potentially cross my property at 575 and 599 Goose Creek Rd in Eastern Ky 41622.

I am writing this email as a written request for intervention in case no. 2021-00346 and to express concerns that I have regarding negative effects from electromagnetic radiation this could pose to my families health. I would like for this power line to moved to safe location from my property or I would like for AEP to purchase my properties at 575 and 599 Goose Creek Rd, Eastern Ky, 41622.

Please contact me at [REDACTED] or email me at [REDACTED]

Thanks
