RESOLUTION #2-9-22-2
MCLEAN COUNTY, KENTUCKY

WHEREAS, the onset of the Covid-19 Pandemic has magnified the need for high-speed internet availability to the citizens of McLean County, Kentucky for both educational and economic opportunities. The McLean Fiscal Court, being aware of Kenergy Corp.'s and Kenect, Inc.'s application pending before the Kentucky Public Service Commission (Case No. 2021-00365), desires to express its support for broadband development in McLean County, Kentucky.

WHEREAS, McLean County, Kentucky is unserved or underserved in broadband access outside the City limits of McLean, Kentucky; and

WHEREAS, Kenergy Corp.'s certified electric territory encompasses nearly all of McLean County outside the City limits of McLean, Kentucky; and

WHEREAS, Kenergy Corp. has applied to the Kentucky Public Service Commission to provide broadband service in Kenergy Corp.'s service territory through its affiliate, Kenect, Inc.; and

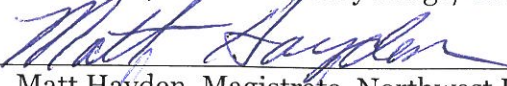

WHEREAS, providing broadband availability to the citizens of McLean County will have a positive educational and economic impact; and

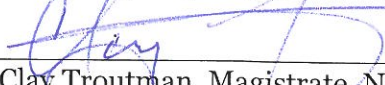

WHEREAS, development of broadband is one of the top priorities of the McLean County Fiscal Court;

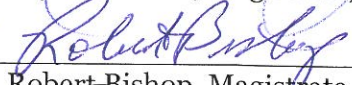

NOW, THEREFORE be it RESOLVED that the McLean County Fiscal Court fully supports and endorses Kenergy Corp.'s and Kenect, Inc.'s Application now pending before the Kentucky Public Service Commission as this broadband project is vital to the needs of the residents of McLean County, Kentucky. The Fiscal Court Clerk is directed to submit this Resolution as public comment in Case No. 2021-00365 at the Kentucky Public Service Commission.

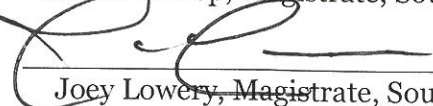

Passed unanimously on this 9th day of February, 2022 by Motion of Magistrate Troutman,
seconded by Magistrate Bishop, and subscribed below by all of members of the
McLean County Fiscal Court.

Curtis Dame, McLean County Judge/ Executive

Matt Hayden, Magistrate, Northwest District

Clay Troutman, Magistrate, Northeast District

Robert Bishop, Magistrate, Southeast District

Joey Lowery, Magistrate, Southwest District

Attest:

Wendy M. Clark
McLean County Fiscal Court Clerk

Full Place of Residence: 15948 Upper Delaware Rd, Henderson, KY 42420

I would like to support Kenergy's application for the right to create a fiber network in my area. I have gone through a long and arduous process to secure usable internet services at my address. The only ISPs that currently serve my area have significant drawbacks in terms of quality of service or have terms and conditions that limit data use and speeds. The offering of a fiber network in my area would increase productivity in my personal and professional life. It would also serve to increase the quality of life in the county where there is currently no or limited home internet access. With it being the 21st century, good quality affordable internet should not be limited to areas of dense population. This proposal would be a step in the right direction in solving this problem.

Thank you.

--

Zack Meuth

The Kentucky Broadband and Cable Association seems to be making the argument that the Kenergy proposed fiber network would overlap areas already served by Charter, and therefore should not be allowed. This argument makes no sense to me. I think the folks in the Kenergy service area would be happy to have a choice when it comes to internet service.

Good afternoon,

I wanted to reach out to show support to the Kenergy fiber internet proposal. We live at 5750 Princeton Olney Road, Princeton, Ky and are only offered DSL service from ATT or satellite internet from their company, Hughes Net. Nether option has been supportive to completing school work for my children or working from home for myself. We currently receive 1.36 mb for \$56 per month, which is outrageous. We highly support new options in our area.

Sincerely,

Jessica Graham

Since 2005, at least, there has been fiber optic within 3 miles of my house. In saying that it don't seem like AT&T is very interested in supplying internet. I call AT&T for wireless internet it says there's no slot. I called T-Mobile, Verizon, and Spectrum no coverage in my area. I do not understand why kenergy Co-op cannot supply me with internet the same way that the Tennessee Valley Authority in 1936 supplies electricity to rural homes. Also speaking to people that has AT&T Wireless internet AT&T employees do not install its done by a contractor!
