Dear Ms. Bridwell:

The Division of Water is in receipt of your letter regarding the investigation of impact of Madison County Fiscal Court's use of the Madison County Utility District (MCUD) water infrastructure for a fiber optic broadband project, dated November 30, 2021. When the Division of Water (DOW) discussed this project with MCUD in February of 2021, Final Engineering Plans and Specifications including a hydraulic analysis for the project were not provided.

The DOW would be happy to provide assistance in review of information submitted pursuant to the Request for Information in Case 2021-00422 and believes that this review is appropriate pursuant to 401 KAR 8:100 Section 2.

If you have any questions concerning this, please contact Jory Becker, Water Infrastructure Branch Manager, at (502)782-6887.

Sincerely,

A handwritten signature in black ink, appearing to read "Carey Johnson".

Carey Johnson, Director
Division of Water
