CLAUSE OF LOUISVILLE GAS & ELECTRIC)	2022-00039
COMPANY FROM MAY 1, 2021 THROUGH)	
OCTOBER 31, 2021)	

ORDER

The Commission, pursuant to 807 KAR 5:056, Section 3(3), hereby initiates the six-month review to examine Louisville Gas & Electric Company's (LG&E) application of its Fuel Adjustment Clause (FAC) from May 1, 2021, through October 31, 2021.

IT IS THEREFORE ORDERED that:

1. LG&E, pursuant to 807 KAR 5:001, shall file its responses to the Commission's Staff's First Request for Information, attached to this Order as an Appendix. The information requested in the Appendix to this Order is due on April 15, 2022. The Commission directs LG&E to the Commission's July 22, 2021 Order in Case No. 2020-00085¹ regarding filings with the Commission.

2. Any party who wishes to file testimony in this proceeding or to request information from LG&E may petition the Commission for a procedural schedule.

¹ Case No. 2020-00085, *Electronic Emergency Docket Related to the Novel Coronavirus COVID-19* (Ky. PSC July 22, 2021), Order (in which the Commission ordered that for case filings made on and after March 16, 2020, filers are NOT required to file the original physical copies of the filings required by 807 KAR 5:001, Section 8).

3. All documents that LG&E filed with the Commission during the period under review pursuant to 807 KAR 5:056, Sections 2(1)–2(4), are incorporated by reference into the record of this proceeding.

4. Unless otherwise ordered by the Commission, the electronic filing procedures set forth in 807 KAR 5:001, Section 8, shall be followed when filing papers in this proceeding. As set forth in 807 KAR 5:001, Section 4(11)(a), a person requesting permissive intervention in a Commission proceeding is required to demonstrate either (1) a special interest in the proceedings which is not adequately represented in the case, or (2) that the person requesting permissive intervention is likely to present issues or develop facts that will assist the Commission in fully considering the matter without unduly complicating or disrupting the proceedings. Further, KRS 278.040(2) requires that a person seeking intervention must have an interest in the rates or service of a utility, as those are the only matters that are subject to the Commission's jurisdiction.

Based on the foregoing, the Commission finds that any person requesting to intervene in a Commission proceeding must state with specificity the person's special interest that is not adequately represented or the issues and facts the person will present that will assist the Commission in fully considering the matter. A mere recitation of the quantity of electricity consumed by the movant or a general statement regarding a potential impact of a possible modification of rates will not be deemed sufficient to establish a special interest.

5. Pursuant to 807 KAR 5:001, Section 8, unless a party granted leave to intervene states its objection to the use of electronic filing procedures in a motion for intervention, the party shall be deemed to have consented to the use of electronic filing

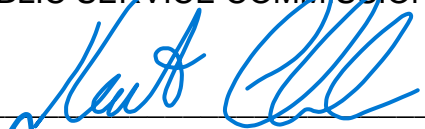

procedures and the service of all papers, including Orders of the Commission, by electronic means; the party shall file with the Commission, within seven days of the date of entry of an Order of the Commission granting the intervention, a written statement that the party waives any right to service of Commission Orders by United States mail; and the party, or the party's authorized agent, possesses the facilities to receive electronic transmissions.

6. Any request for intervention must be filed by April 22, 2022.

7. A person who submits a motion to intervene after April 22, 2022, and, upon a showing of good cause, is granted full intervention shall accept and abide by the existing procedural schedule.

8. Any request for a hearing, or that the case should be submitted on the record, shall be filed no later than June 1, 2022.
