Subject: KPC

Best wishes.

I also wish to offer concerns for KY Power's 18% planned rate rise.

I'm sure that by now you've research KPC's financial status: are salaries too high; what is the status of funds for annual improvements; what is the condition of equipment to transmit; what is the past use of funds for items that appear to have been purchased merely because the funds were available; what is the condition of power line rights-of-way? Does leadership appear to have too many perks? Sorry I could not get to Hazard but I did not see the notice until the last issue of the Mt. Eagle.

Jerry L. Tolliver
