

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ELECTRONIC PURCHASED GAS ADJUSTMENT)	CASE NO.
FILING OF DELTA NATURAL GAS COMPANY,)	2023-00214
INC.)	

ORDER

On June 28, 2023, Delta Natural Gas Company, Inc. (Delta) filed its proposed unified Gas Cost Recovery (GCR) rate report to be effective July 28, 2023. On February 22, 2021, the transfer of ownership of Peoples Gas KY, LLC (Peoples) to Delta was consummated following the closing of Case No. 2020-00346.¹ Delta's previous consolidated GCR rate was approved in Case No. 2023-00100.²

LEGAL STANDARD

The Commission's standard of review for GCR rates is well settled as stated in KRS 278.274(1):

In determining whether proposed natural gas utility rates are just and reasonable, the commission shall review the utility's gas purchasing practices. The commission may disallow any costs or rates which are deemed to result from imprudent purchasing practices on the part of the utility.

Further, the utility has the burden to prove the rates are just and reasonable and the Commission may reduce the purchased gas component of the utility's rates or the

rates charged by an affiliated company to the extent the amount is deemed to be unjust or unreasonable.³

DISCUSSION

After reviewing the evidence of record and being otherwise sufficiently advised, the Commission finds that Delta's unified GCR report includes revised rates designed to pass on to its customers its expected change in gas costs. Delta's unified GCR report sets out an Expected Gas Cost (EGC) of \$4.4399 per Mcf, which is a decrease of \$0.3490 per Mcf from the previous EGC of \$4.7889 per Mcf. Delta's unified GCR rate report sets out a current quarter Actual Cost Adjustment (ACA) of (\$1.3603) per Mcf. Delta's total ACA is (\$0.0804) per Mcf, which is a decrease of \$1.3603 per Mcf from the previous total ACA of \$1.2799 per Mcf. Delta's Balancing Adjustment (BA) will continue to be unavailable until its first unified ACA quarter expires. Delta's unified GCR report sets out no Refund Adjustment.

Based upon the calculations of the unified GCR rate discussed above, the Commission finds that Delta's unified GCR rate is \$4.3595 per Mcf, which is a decrease of \$1.7093 per Mcf from the previous GCR of \$6.0688 per Mcf. The Commission further finds that the rate set forth in the Appendix to this Order is fair, just and reasonable, and should be approved for service rendered by Delta on and after July 28, 2023.

The Commission finds that for the purpose of transparency and to maintain a record of information for future use, Delta shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports. Should Delta purchase sustainable natural gas from a renewable

source during the reporting period of any future GCR reports, then the supplier, cost, and amount must be documented in its cover letter to the Commission.

IT IS THEREFORE ORDERED that:

1. The rates proposed by Delta and set forth in the Appendix to this Order are approved for service rendered on and after July 28, 2023.

2. Delta shall submit all invoices it receives along with its monthly usage reports for each month of the reporting period when it files its future GCR rate reports.

3. Within 20 days of the date of service of this Order, Delta shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rates approved herein and reflecting that they were approved pursuant to this Order.

4. This case is closed and removed from the Commission's docket.
