Comments:

Two things: First of all nobody in my subdivision has received any notice from Bluegrass about a public hearing like they are required to do so, and Second, our sewer stinks bad. What is Bluegrass doing with all the money they are making from us? Tying it up in attorney fees for rate cases? In 6 YEARS not one thing has been done to our sewer and it smells bad. Anytime we contact Bluegrass about this nothing happens its like complaining to the wall and why? Because they have no intentions of doing any improvements to our sewer. They knew what they were getting when they bought it- our system was a temporary system and was only designed to last like 30 years. Well that was in 1969. This system needs alot of attention and we are getting tired of nothing being done. Why the hell should we pay these people anything????? Please protect your residents in this state from this predatory company. I dont care if Josiah Cox has 50 degrees in wastewater mgt. He doesnt deserve a salary of over a million dollars that he gets by preying on the poorest of the poor. Wake up people! We - all of us customers - can see whats happening here and if you support and approve this rate increase then you are just as dirty as they are and we will take it to a federal level.
