Re: Case No. 2025-00354

I respectfully oppose the requested water and sewer rate increase proposed by Bluegrass Water Utility Operating Company, LLC.

Utility customers have little or no ability to choose another provider, making it especially important that any proposed increase be thoroughly scrutinized. Given ongoing economic pressures and rising household expenses, now is not an appropriate time to increase rates unless there is compelling evidence that the increase is absolutely necessary and that no less burdensome alternatives exist.

I ask the Commission to deny the application or significantly reduce any requested increase unless the company can clearly demonstrate that the benefits to customers outweigh the financial burden that will be placed on residents and businesses.

Thank you for your careful review of this matter.
