(c) That: in January 2025 + July 2025
(Describe here, attaching additional sheets if necessary,

Teresa Cunningham vs. Duke Energy

Page 2 of 2

I understand a slight increase when
hot or cold, but it should not
increase several hundred dollars
I think Duke overbills during
these months. OR their
equipment is not accurate

Wherefore, complainant asks refund of overpayment
(Specifically state the relief desired.)

Duke threatens to cut off my
service if I do not pay.

I am 70 years old. I
cannot afford \$400-\$500
monthly electric bill. It is not rational
that there would be such a high increase.
