Subject: Case No. 2026-00154 – Procedural Request Regarding KU's October 23 Brief and Leave to Respond

Dear Kentucky Public Service Commission Filings Branch:

I am Melissa Saurini, a self-represented complainant in Case No. 2026-00154.

On October 22, 2026, the Commission received my Request for Formal Hearing and Detailed Statement of Factual Issues and my Response to KU Discovery and Request for Clarification, both submitted before the October 23 deadline established by the Commission's September 10, 2026 procedural order.

Kentucky Utilities subsequently prepared a brief dated October 23, 2026, requesting summary disposition of my complaint without an evidentiary hearing.

I respectfully seek procedural guidance regarding my opportunity to respond to KU's assertions, particularly its position that no material factual disputes remain and that all discovery obligations have been satisfied.

My previously filed submissions identify specific unresolved questions concerning billing corrections, meter readings, account reconciliation, payment transactions, disconnection and reconnection records, and related discovery.

I respectfully request confirmation of the following:

1. Whether KU's October 23 brief has been received and accepted for filing.
2. Whether the Commission's procedural schedule permits a responsive brief.
3. If additional briefing requires permission, whether the appropriate procedure is a motion for leave to file a response and whether any deadline applies.
4. The appropriate method for submitting that motion as a self-represented

complainant.

For clarity, I have not withdrawn my request for a formal evidentiary hearing, my objections to unresolved discovery matters, or my requests for relief.

I wish to ensure that any additional submission complies with the Commission's procedural requirements and addresses KU's arguments without unnecessarily duplicating my previous filings.

Please acknowledge receipt of this procedural inquiry.

Respectfully,

Melissa Saurini
Complainant, Pro Se
