The account computer pay history on from both my accounts was generated from two separate meters installed on pulaski county rd department easment parcels, not legally on my farm..6605 and 6271 blue John..proves my plea for relief is justified..

Subject: Re: 2026-00191

Pulaski County PVA report statement for sewer infrastructure(Hurst hill rd) even states 6273 blue John rd  as physical address .Logically impossible without trespassing. It's on Hurst hill rd a different Pulaski County rd.

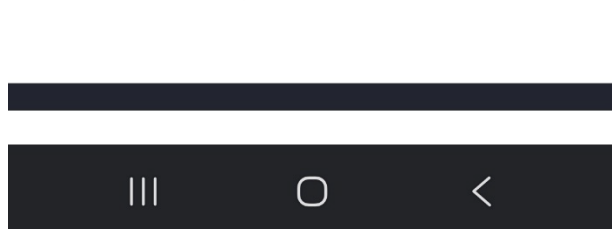

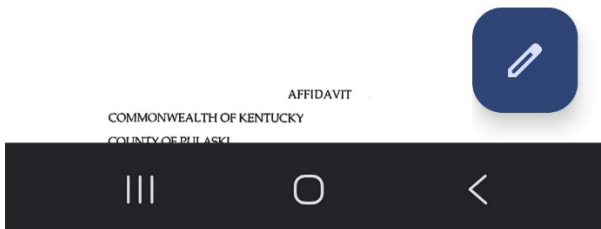

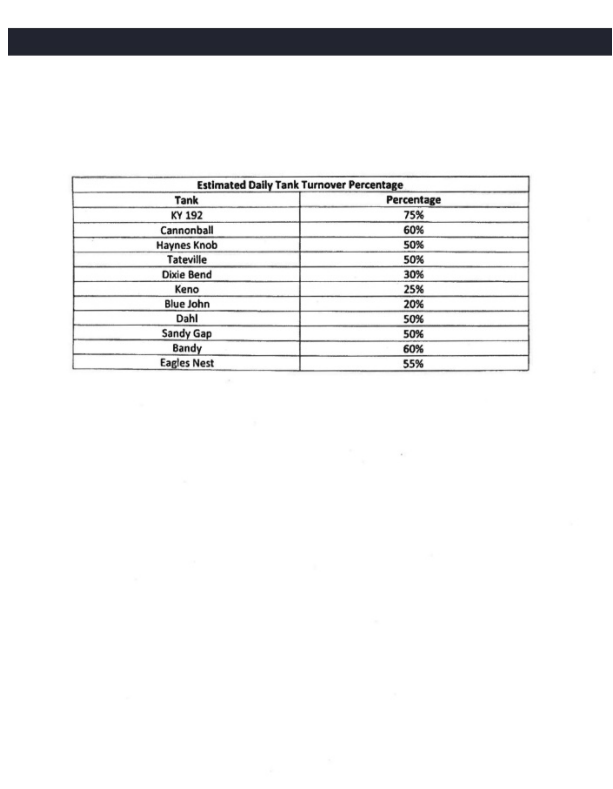

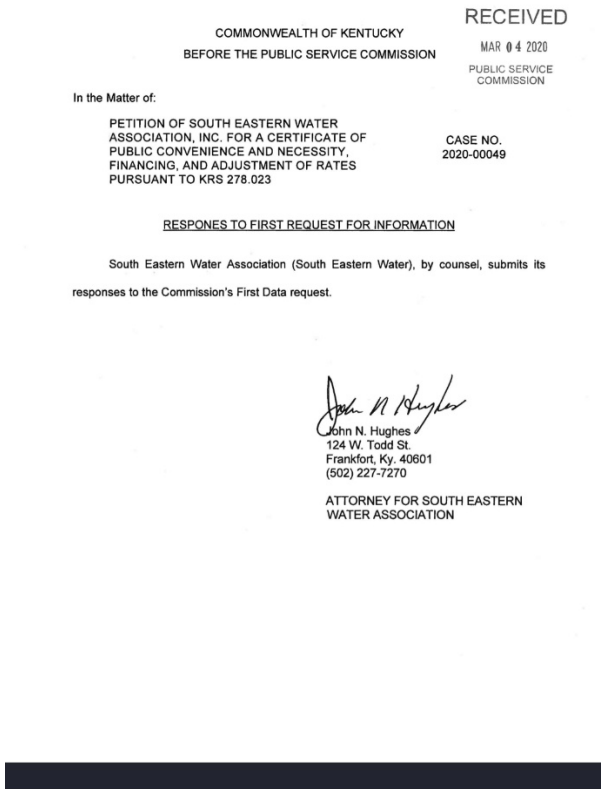

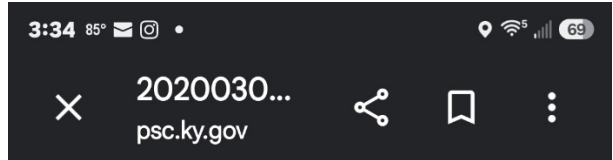

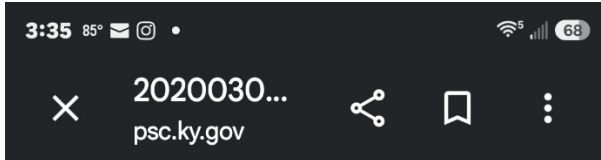

Parcel # 108-0-0-39.1

Attached are more documents

saying a blue John  tower.

Another document signed by General manager Morris Vaughn personally.. this deception is dated 2020.. six years prior to any of my complaints in 2026 verification of formal complaint #1, 2, 3, 8 and #10

FYI there are only two fire hydrantes on the entire length of blue John rd (negligence from the beginning) one is at (fake location) 2419 blue John rd firehouse sub station.. and the other only one is directly under the water  tower on my farm (6273) blue John rd according to the PULASKI COUNTY PVA.. more mystery and motivation

Your Information

The Office of Inspector General (OIG) Hotline is maintained to facilitate the reporting of allegations involving fraud, waste, abuse, misuse, or mismanagement of the agency's program funds. This could include complaints concerning employees, fund recipients, educational institutions, contractors, collection agencies, or lending institutions.

Important Information (Please Read)

The information you submit to the Office of Inspector General will be incorporated into a system of records known as the Hotline Complaint File of the Inspector General and the Investigative Files of the Inspector General, and will be protected in accordance with the Privacy Act of 1974, 5 U.S.C. 552a, and the Inspector General Act of 1976, 5 U.S.C. app 3. When filing your complaint, please provide as much detail as possible. Please note, willful submission of false information could result in civil or criminal prosecution (18 U.S.C. 1001). You may make your complaint anonymously; however, submitting your complaint without your name and appropriate contact information may hinder the OIG's ability to pursue the complaint and may result in closure of your complaint without further action. If you ask us to keep your identity confidential, we may be unable to share your information with USDA agencies or other government entities, and this may prevent resolution of your issue. Even if you ask to remain confidential, if the OIG decides to conduct an inquiry, and the disclosure of your identity is unavoidable during the course of our inquiry, we may still disclose your identity as required by law or as permitted by the Privacy Act (i.e., to others who have a need to know it in performing their duties). OIG never shares the identity of individuals who file a hotline complaint unless it is required by law or permitted by the Privacy Act.
