**PUBLIC SERVICE
COMMISSION**

AMENDED COMPLAINT

- 1 Violation of Tariff Rates and Requirements (KRS 278.160)
The Complaint states that South Eastern Water Assoc, Inc. has violated mandates of KRS 278.160 by improperly, unjustly, and inaccurately enforcing un-tariffed minimum monthly bills and applying arbitrary customer classification fees against the

Complaint's three FARM meters dating to 2005. The physical and documentary proof of these billing, operational and, structural infrastructure violations - including all historical ghost loop billing records, stacked late fees & customer account records are already permanently established by the Complaint with previous filings, public entries and evidentiary records submitted directly onto this active docket.

#2 Exclusive Jurisdiction of the Commission (KRS 278.260)
The Commission has the Power to Investigate (KRS 278.260)
Complaint states under this Ky. Law (KRS 278.260) the Public Service Commission is the proper agency with the full legal power to investigate these unfair

billing systems, incorrect Rates, and infrastructure issues. The Complaint asks the K.P.C. to keep this case open, reject any motions to dismiss by S.E.W. 2 legal teams specifically:

Stoll Keenon Ogden PLLC
and
Molly HARDY

The Complaint requests that the Commission fully review all the evidence and billing logs already filed in this record. Complaint specifically requests investigate whether the NEW RATE increase application under Case number #2026-00233

was caused by S.E.W. draining its members CASH on Excessive billable Hours to these LAW FIRMS to defend historic Corp. errors.
