**Re: Lake Village Water Association, Inc.
Case No. 2016-00153**

To Whom It May Concern:

Per Item 8 of the May 20, 2016 Order issued for Case No. 2016-00153, a copy of the "as built" drawings and certified statement from the project engineer are attached.

If further information is desired, please let me know.

Sincerely,

Mike D. Sanford, MPA
Executive Director
Lake Village Water Association, Inc.

ENGINEER'S CERTIFICATION OF FINAL DRAWINGS AND SPECIFICATIONS

PROJECT NAME:

Northpoint Training Center Line Extension and Tank Reno.

The final Drawings and Specifications, other assembled Construction Contract Documents, bidding-related documents (or requests for proposals or other construction procurement documents), and any other Final Design Phase deliverables, comply with all requirements of the U.S. Department of Agriculture, Rural Utilities Service, to the best of my knowledge and professional judgment.

If the Engineers Joint Contract Documents Committee (EJCDC) documents have been used, all modifications required by RUS Bulletin 1780-26 **to the best of my knowledge and belief** have been made in accordance the terms of the license agreement, which states in part that the Engineer "must plainly show all changes to the Standard EJCDC Text, using 'Track Changes' (redline/strikeout), highlighting, or other means of clearly indicating additions and deletions." Such other means may include attachments indicating changes (e.g. Supplementary Conditions modifying the General Conditions).
