RE: Case No. 2017-00207  
Construction Start-Up

Construction of case 2017-0027 may start as early as the week of June 19<sup>th</sup> to 23<sup>rd</sup>, 2017. The contractor announced that within 5 to 7 days after obtaining PSC approval, if sufficient material deliveries were received and all utilities could be located, they would request a limited startup. This startup was referenced as necessary setup work, mobilization, and physical utility location, with possible limited line installation. This time frame is subject to change and was agreeable with the project engineer, the lending agency, and Christian County Water District.

Sincerely,

James Owen  
General Manager  
Christian County Water District
