- (c) For extensions greater than 300 feet and less than 1,000 feet from the nearest facility, the Cooperative may charge an advance equal to the reasonable costs incurred by it for that portion of the service beyond 300 feet plus fifty dollars (\$50.00).

- (f) No refunds shall be made to any consumer who did not make the advance originally.
- (g) Extensions made under (c) and (d) above shall be made on an "Estimated Average Cost" per foot of line. This cost may be reviewed and updated at six-month intervals.
- (h) Non-electric heated mobile homes shall be required to pay a deposit not to exceed two-twelfths (2/12) of the estimated annual billing. The deposit will earn interest at the rate of six percent (6%) and paid to the consumer annually. The deposit will be refunded when service is discontinued and all bills are paid in full.
- (i) All electric mobile homes shall be required to pay a deposit not to exceed two-twelfths (2/12) of the estimated annual billing. The deposit will earn interest at the rate of six percent (6%) and paid to the consumer annually. The deposit will be refunded when service is discontinued and all bills are paid in full. For extensions beyond 1,000 feet from the nearest facility, the extension policies are the same as normal distribution lines extensions.

15. DISTRIBUTION LINE EXTENSION

- (1) Normal Extensions. An extension of 1,000 feet or less shall be made by the Cooperative to its existing distribution line without charge for a prospective consumer who shall apply for and contract to use the service for one (1) year or more and provides guarantee for such service. The "service drop" to the point of attachment from the distribution line at the last pole shall not be included in the foregoing measurements.
- (2) Other Extensions. (a) When an extension of the Cooperative's line to serve an applicant or group of applicants amounts to more than 1,000 feet per consumer, the Cooperative may, if not inconsistent with its filed tariff, require the total cost of the excessive footage over 1,000 feet per consumer to be deposited with the Cooperative by the applicant or applicants based on the average estimated cost per foot of the total extension. (b) Each consumer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the Cooperative shall refund to the consumer or consumers who paid for the excessive footage the cost of 1,000 feet of the extension in place for each additional consumer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom. In no case shall the total amount refunded exceed the amount paid the Cooperative. After the end of the refund period, no refund will be required to be made. (c) An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years the Cooperative shall refund to the applicant who paid for the extension a sum equivalent to the cost of 1,000 feet of the extension installed for each additional consumer connected during the year, but in no case shall the total amount refunded exceed the amount paid to the Cooperative. After the end of the refund period from the completion of the extension, no refund will be required to be made.
