CREDITS MODIFYING RATE.

Bills computed under the rate set forth herein will be modified by credits as follows:

(A) Delivery Voltage.

The rate set forth in this tariff is based upon the delivery and measurement of transformed energy. When the measurement of energy is made at the primary voltage of the transmission or distribution line serving the customer, the kwhrs as metered will be multiplied by .95.

(B) Equipment Supplied by Customer.

When the customer furnishes and maintains the complete substation equipment including any and all transformers and/or switches and/or other apparatus necessary for the customer to take his entire service at the primary voltage of the transmission or distribution line from which service is to be received, a credit of \$.15 per kw of monthly billing demand will be applied to each monthly net bill.

“ all over 3000 “ “ “ “ “	1.0¢ “ “

(T) WATER HEATER SERVICE.

Inasmuch as the customer has installed and in regular use an electric water heater or heaters meeting the specifications set forth below, the 400 kwhrs of use following the first 200 kwhrs used in any month shall be billed at the rate of 1 cent per kwhr. The standard approved type of electric water heater shall consist of a permanently installed tank of not less than 30 gallons capacity meeting the requirements (except as to element sizes) of "Household Automatic Electric Storage-type Water Heaters" approved by American Standards Association (ASA) as in effect at the time of installation. The heater shall be equipped with thermostatically controlled heating elements totaling at least 1,000 watts. No single element shall exceed 4500 watts. If the total of the elements exceeds 4500 watts, the elements must be interlocked so that only one may operate at one time.

(N) There shall be installed in connection with each heater such temperature and pressure protection equipment as may be specified by any governmental inspection service having jurisdiction.

(T) FUEL CLAUSE.

This rate is based upon the weighted average cost of fuel of Kentucky Power Company's Big Sandy Plant.

If during any monthly period such average is above 16.6 cents per 1,000,000 BTU, by at least .5 cent, an additional charge during the second month thereafter will be made on the actual kwhrs used during said second month at the rate of .005 cent per kwhr for each full .5 cent increase in the cost of fuel above 16.6 cents per 1,000,000 BTU.

MINIMUM CHARGE.

This tariff is subject to a minimum monthly charge of \$6.00 per customer, and adjustments as determined under "Fuel Clause."

PAYMENT.

Bills are due and payable at the main or branch offices of the company within 15 days of the mailing date.

TERM OF CONTRACT.

Annual.

SPECIAL TERMS AND CONDITIONS.

See Sheets No. 2, 3, 4 and 5 for Terms and Conditions of Service.

This tariff is available for single-phase service only. Where 3-phase power service is required and/or where motors or heating equipment are used for commercial or industrial purposes, the applicable general service or power tariff will apply to such power service.

This tariff is available to rural domestic customers engaged principally in agricultural pursuits where service is taken through one meter for residential purposes as well as for the usual farm uses outside the home, but it is not extended to operations of a commercial nature or operations such as processing, preparing or distributing products not raised or produced on the farm, unless such operation is incidental to the usual residential and farm uses.

The company shall have the option of reading meters monthly or bimonthly and rendering bills accordingly. When bills are rendered bimonthly the minimum charge and the quantity of kwhrs in each block of the rate shall be multiplied by 2. If an approved water heater is installed and the customer is billed bimonthly, the kwhrs allowable at the rate of 1 cent per kwhr shall be multiplied by 2, but no kwhrs shall be billed at 1 cent per kwhr until the customer shall have been billed at the rate for the first 400 kwhrs used during the bimonthly period.
