OPERATING POLICY

SUBJECT: Service to Mobile Homes and Trailers

POLICY:

I. Individual Mobile Homes and Trailers

A. Since mobile homes and trailers are readily and easily relocable, they must be classified as non-permanent electric service. A charge for providing service, therefore, is to be made as follows:

1. Service \$50.00
2. Primary extension 150.00 per pole
3. In addition to the membership fee, a deposit of \$10.00 is required.

B. If the applicant installs sanitary sewage facilities which meet the requirements of the State Health Department, certified by the County Sanitarian within one year after service connection, then the Cooperative will credit or refund the amount charged for a maximum of two primary poles, or the service charge.

II. Service to Mobile Home Parks

Cooperative will extend primary service to an established mobile home park meeting Kentucky Board of Health requirements if in reasonable proximity of existing primary facilities. Secondary service may be provided under one of the following options:

- A. If park operator desires one metering point, all facilities beyond this shall be furnished by the owner.
- B. If operator desires individually metered service at each mobile home, the Cooperative will install secondary facilities to the meter pole.
