| Customer Charge   | \$4.17                          |  |                                 |  |                 |        |         |                  |
| All KWH   | \$ .0244 per KWH                |  |                                 |  |                 |        |         |                  |
| <p>F. <u>Determination of Billing Demand</u> - the billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided below.</p>   |                                 |  |                                 |  |                 |        |         |                  |
| <p>G. <u>Power Factor Adjustment</u> - The consumer agrees to maintain unity power factor as nearly as practicable. Power factor may be measured at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 90%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 90% and divided by the percent power factor.</p>   |                                 |  |                                 |  |                 |        |         |                  |

CLASSIFICATION OF SERVICE

|   | RATE<br>PER UNIT |
|---|------------------|
| <p><u>SCHEDULE II - LARGE POWER *</u> (Page Two)</p>  |                  |
| <p>H. <u>Minimum Charge</u> - shall be the highest one of the following charges:</p> <ol style="list-style-type: none"> <li>1. The minimum monthly charge as specified in the contract for service</li> <li>2. A charge of \$.75 per KVA per month of contract capacity</li> </ol>  |                  |
| <p>I. <u>Special Provisions - Delivery Point</u> - If service is furnished at secondary voltage, the delivery point shall be the metering point unless otherwise specified in contract for service. All wiring, pole lines and other electric equipment on the load side of the delivery point shall be owned and maintained by the consumer. If service is furnished at sellers' primary line voltage, the delivery point shall be the point of attachment of sellers' primary line to consumer's transformer structure, unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the consumer.</p> |                  |
| <p>J. <u>Terms of Payment</u> - The above rates are net, the gross being 10 percent (10%) higher. In the event the current monthly bill is not paid by the 20th of the month, the gross charges shall apply.</p>  |                  |
| <p>* The monthly kilowatt hour usage shall be subject to plus or minus an adjustment per KWH determined in accordance with the "Fuel Adjustment Clause".</p>  |                  |
