SCHEDULE OPS

MINIMUM CHARGE (Con't):

- (b) The minimum monthly charge as specified in the contract for service, or
- (c) A charge of \$.80 per KVA of required transformer capacity. The Seller may, if it so desires, install transformers of capacity larger than required, but in such case, the Consumer's minimum bill shall be based on the standard transformer size which would have been adequate for consumer's load.

CONDITIONS OF SERVICE:

1. An agreement for purchase of power shall be executed by the consumer for service under this schedule as deemed necessary by the Seller.
2. Delivery Point - If service is furnished at secondary voltage, the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment on the load side of the delivery point shall be owned and maintained by the Consumer.  
  
If service is furnished at Seller's primary line voltage, the delivery point shall be the point of attachment of Seller's primary line to consumer's transformer structure unless otherwise specified in the contract for service. All wiring, pole lines and other electrical equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.
3. Lighting - Both power and lighting shall be billed at the going rate.
4. Primary Service - The seller shall meter at secondary distribution voltage unless it would be agreeable to both parties to primary meter.
