FUEL ADJUSTMENT: As shown in APPENDIX B following these tariffs.
CONDITIONS OF SERVICE:

- Street lighting circuits including transformers, fixtures, lamps, additional guys or fittings will be furnished by the cooperative.
- The Cooperative shall install lights only on existing service where an additional pole is not (T) required. If consumer requires additional line (not to exceed 150 feet from existing line) including (T) pole to be constructed, there will be a charge of \$100.00 for installing the additional facilities. (T)
- In the event aluminum or decorative poles are requested, it will be the responsibility of the customer to install all concrete pedestals.
- The Cooperative will also provide conventional overhead service to the lighting fixture when they are reasonably accessible. There may be an additional footage charge(s) in such case as accessibility is deemed to be unreasonable. If the customer requests underground service to the fixtures, it will be their responsibility to perform any ditching, back filling, seeding, or repaving as necessary, and provide and maintain all conduit.
- The lighting equipment shall remain the property of the Cooperative. The customer shall protect the lighting equipment from deliberate damage.
- The Cooperative shall maintain the lighting equipment including the lamp replacement at no additional cost to the customer within a reasonable time after the customer notifies the Cooperative for the need of maintenance, except in case of lamp or fixture damage because of vandalism, replacement may be made only once at no cost to the customer. After that, the customer may be required to pay for the cost of replacement.
- All service and necessary maintenance on the light and facilities will be performed only during regular scheduled working hours of the Cooperative.
- The customer shall be responsible under written contract for all lease and energy payments on installed equipment for a period of 10 years. Cancellation by the customer prior to the initial 10 year period will require the customer to pay the Cooperative its cost of labor to install and remove the facilities plus the cost of obsolete or unserviceable equipment, prorated on the remaining portion of the 10 year period.
