RULES AND REGULATIONS

11. RECONNECTION CHARGES

The Cooperative will make no charge for connecting service to the member's premises for the initial installation of service. When service has been terminated or when service is transferred to a new member, the Cooperative's representative shall read the meter at such premises and secure necessary application for service from the new occupant. A service charge of \$2.00 (Two Dollars) will be made to new occupant for the reconnecting or transferring of such service. Service charge will be due and payable at time of connection or transfer or upon notice of said charge. No meters shall be installed or reinstalled after working hours unless in the judgment of the Manager there exists circumstances that will justify the additional expense.

12. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof.

13. SERVICE CHARGE

All service calls made by the Cooperative pertaining to the Consumer's premises shall be charged at the rate of \$2.00 (Two Dollars) per call if such service is performed within the regular working hours of the Cooperative's employee. If call for such service is made outside the normal working hours of the Cooperative, holidays or Sunday, a charge of \$2.00 (Two Dollars) will be made to the member's account for such a call. Said charges are due and payable upon notice of such charge.

14. SERVICE CHARGE FOR TEMPORARY SERVICE

Consumers requiring temporary service (except those qualifying under Rate Schedule T) may be required to pay all costs of connecting and disconnecting incidental to the supplying and removing of service. In addition to this, a deposit will be required to cover estimated consumption of electricity. Both fees will be paid in advance. Any balance remaining at the end of temporary service will be refunded. This rule applies to carnivals, fairs, house trailers and the like.

Original Sheet No. 8

South Kentucky R.E.C.C.  
Somerset, Kentucky

**RULES AND REGULATIONS**

- B. City water piping system must be used for service grounding when available plus standard driven ground. (Watch for plastic pipe.)
- C. All grounds other than the water system are to be of 3/4" galvanized water pipe equipped with a driving point.
- D. Any deviations from above requirement must be approved by the Manager of the Cooperative.

**5. Service To House Trailer**

- A. To secure service for a house trailer, a satisfactory contract must be negotiated between the Cooperative and the person requesting service before any installation is made.
- B. Service shall be provided to a Mobile Home for an installation charge of \$25.00 plus the regular membership fee of \$10.00. This installation charge will include installing a 25' class 7 creosoted pole located near the mobile home on which the service entrance is to be located.
- C. Where more than 1,000 feet of line is necessary, the member may enter into a 5-year contract with the Cooperative to pay 25¢ monthly for each additional 100 feet of line required. (KWH will be allotted for the increased minimum bill.)
- D. If Mobile Home is located where service equipment can be installed on an existing service pole, no installation charge is to be made.
- E. Mobile Home installations requiring a 150 amp or 200 amp Service Entrance are not to be charged the \$25 Installation Fee for the first installation only.
- F. All Service Entrances shall meet the National Electrical Code and South Kentucky RECC requirements before energizing.
- G. All fees or charges are to be paid in advance.

**21. Inspection**

All consumers' wiring must be inspected for compliance with the National Electric Code by an inspector approved by the Cooperative before connection for service by the Cooperative. Fee for such inspection shall be paid at the Cooperative's Office.

When any of the employees of the Cooperative have notice or observe that the wiring in any building, to which electric energy is served by the Cooperative, is in a condition so as to be dangerous to persons or property such employees shall immediately notify the Manager of the Cooperative of such dangerous condition. If the Manager upon investigation determines that such dangerous conditions exists, he may at once have the service to
