RULES AND REGULATIONS

A. General

1. SCOPE

This schedule of rules and regulations is a part of all contracts for electric service received from South Kentucky Rural Electric Cooperative Corporation, hereinafter referred to as the Cooperative and applies to all service received whether the service received is based upon a contract, agreement, signed application or otherwise. No employee or director of the Cooperative is permitted to make an exception to rates or rules and regulations as are on file at the Cooperative's office. All rules and regulations shall be in effect after adoption by the Board of Directors and approved by the Public Service Commission.

2. REVISIONS

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by the Board of Directors. Such changes, upon approval by the Public Service Commission, shall have the same force as the present rules and regulations. The members shall be informed of any changes as soon as possible, through the Cooperative's monthly news letter.

3. CONSUMER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY

All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of necessary repairs or replacement shall be paid by the member.

4. MAINTENANCE OR CONTINUITY OF SERVICE

The Cooperative shall make all reasonable efforts to prevent interruptions of service and when such interruptions occur shall endeavor to reestablish service with the shortest possible delay, but if such supply shall fail or be interrupted or become defective through act of God, or the public enemy, or by accident, strikes, labor troubles, or by action of the elements, or inability to secure right-of-way or other permits needed, or for any other cause beyond the reasonable control of the

Cooperative, the Cooperative shall not be liable therefor.

5. RELOCATION OF LINES BY REQUEST OF MEMBERS

The Cooperative's established lines will not be relocated unless the expense for moving and relocating is paid by the member, except in instances where it would be to the advantage of the Cooperative to make such relocation.

6. SERVICES PERFORMED FOR MEMBERS

The Cooperative's personnel is prohibited from making repairs or performing services to the members' equipment or property except in cases of emergency or to protect the public or members' person or property. When such emergency services are performed, the member shall be charged for the actual cost of labor and material for such service.

B. SERVICE PROCEDURES

7. APPLICATION FOR SERVICE

Each prospective member desiring electric service will be required to sign the Cooperative's form "Application for Membership and for Electric Service" before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right-of-way permits.

9. RIGHT OF ACCESS (continued)

mises at all reasonable times for the purpose of reading meter, testing, repairing, removing or exchanging any and all equipment belonging to the Cooperative.

10. MEMBER'S DISCONTINUANCE OF SERVICE

Any member desiring service discontinued or changed from one location to another shall give the Cooperative three (3) days' notice in person or in writing providing such notice does not violate contractual obligations.

11. CONNECT AND RECONNECT CHARGES

The Cooperative will make no charge for connecting service to the new member's installation of service provided the connection is made during regular working hours.

I T The Cooperative may make a service charge of \$10.00 (Ten Dollars) for re-connecting the service of any member whose service has been connected one or more times within the preceding twelve months. The service charge shall be an additional \$30.00 (Thirty Dollars) if made after regular working hours. Any service charge will be due and payable at the time of connection or upon notice of said charge.

12. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof.

13. SPECIAL CHARGES

I T The Cooperative will make a charge of \$10.00 (Ten Dollars) for each trip made during regular working hours or \$30.00 (Thirty Dollars) for each trip made after or before regular working hours - any service trip requested by a member to

restore electric service when it is determined that the service interruption was caused by a defect in the member's wiring or equipment and is not the fault of the Cooperative.

14. SERVICE CHARGES FOR TEMPORARY SERVICE

Consumers requiring temporary service may be required to pay all costs of connecting, and disconnecting incidental to the supplying and removing of service. In addition to this, a deposit will be required to cover estimated consumption of electricity. Both fees will be paid in advance. Any balance remaining at the end of temporary service will be refunded. (This rule applies to carnivals, fairs, voting booths.)

C. METERS

15. METER TESTS

All new meters shall be checked for accuracy before installation. The Cooperative will, at its own expense, make periodical tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission. The Cooperative will make additional tests of meters at the request of the member, provided the member does not request such test more frequently than once in twelve (12) months and upon payment of a test fee of \$10.00 (Ten Dollars) paid in advance. When the test made at the member's request shows that the meter is accurate within 2% slow or fast, no adjustment will be made to the member's bill and the fee paid will be forfeited to cover cost of requested test. When the test shows the meter to be in excess of 2% fast or slow, an adjustment shall be made to the member's bill by recalculating the monthly bills for that period of time that it is known that the meter has been fast or slow; however, if that period of time is not known then a period equal to one-half (1/2) of the time lapsed since the last previous test, but in no case shall this period exceed twelve (12) months except that if time for periodic test has over-run then the time of over-run shall be added to the amount unless it can be shown that the failure to make the periodic test was due to causes be-

yond the control of the Cooperative. The cost of testing the meter found to be more than 2% fast will be borne by the Cooperative and the \$10.00 (Ten Dollars) test fee paid by the member will be refunded.

16. FAILURE OF METER TO REGISTER

In the event a member's meter should fail to register, the member shall be billed from the date of such failure at the average consumption of the member based on the three (3) months period immediately preceding the failure or the same billing period the past year.

17. DISCONTINUANCE OF SERVICE BY COOPERATIVE

A. The Cooperative may shall refuse or discontinue to serve a member under the following conditions:

1. For non-compliance with its rules and regulations.
2. When a dangerous condition is found to exist on the member's premises.
3. When a member refuses or neglects to provide reasonable access to the premises for the purpose of installation, operation, meter reading, maintenance or removal of Cooperative property.
4. For non-payment of any indebtedness due the Cooperative.
5. For failure to comply with the provisions of the wiring codes.
6. For fraudulent or illegal use of service. When the Cooperative has discovered evidence that by fraudulent or illegal means a member has obtained unauthorized service or has diverted the service for unauthorized use or has obtained service without same being properly measured, the service to the customer may

- A. 6. be discontinued without notice. The Cooperative will not restore service until the customer has complied with all rules of the Cooperative and regulations of the Public Service Commission and the Cooperative has been reimbursed for the estimated amount of the service rendered including the initial disconnection and the cost to the Cooperative incurred by reason of the fraudulent use. The discontinuance of service to a member for any cause stated in this rule does not release the member of his obligations to all debts due.

D. CONSUMER EQUIPMENT

18. POINT OF DELIVERY

The point of delivery is the point as designated by the Cooperative on member's premises where current is to be delivered to building or premises namely the meter. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the member. The member will, however, notify the Cooperative of any proposed changes in his equipment or wiring which will materially increase or decrease his load so the Cooperative may check its equipment to make certain it will accomodate the consumer's load requirements.

19. MEMBER'S WIRING

All electrical wiring on the member's premises shall conform to all applicable codes and rules and regulations; namely,

- T
C
1. The National Electrical Code.
2. Any state, county or municipal code where and when applicable.
3. The Uniform Wiring Code, so long as it is as strict or more strict in its requirements than the National Electrical Code.

20. INSPECTION

All wiring in a building must be inspected for compliance with all applicable Electric Codes by an inspector approved by the Cooperative before connection

for service.

The fee for inspection shall be \$15.00 (Fifteen Dollars) (Includes one Rough In and one Final Inspection).

When any of the employees of the Cooperative have notice or observe that electric wiring to which electric energy is served by the Cooperative, is in a condition so as to be dangerous to persons or property, such employee shall immediately notify the Manager of the Cooperative of such dangerous condition. If the Manager upon investigation, determines that such dangerous condition exists, he may at once have the service to the building where such condition exists discontinued and service shall not be restored to said premises until the dangerous wiring condition is corrected.

E. ELECTRIC BILLS

21. BILLING

Members will receive statement for electric service monthly on a date to be determined by the Board of Directors for service rendered for a thirty-day period ending the same day of the preceding month. All statements are due and payable upon receipt and shall be paid at the office of the Cooperative within Thirty (30) days from date of service as shown on bill. Failure to receive electrical statement will not release the member from payment obligation. Should the statement not be paid as above, the Cooperative may at any time thereafter on a five (5) days' written notice to the member discontinue service provided such service shall not be discontinued before Twenty (20) days after the mailing date of the original bill.

Budget billing may be offered at the option of the Cooperative.

22. TAXES

The Cooperative shall add to the bills of all applicable members the Kentucky

22. TAXES (continued)

T Sales and Use Tax, any utility gross receipts license tax for schools or any
N other tax or levy that may be legally imposed on the Cooperative that is mea-
sured or determined by sales or receipts.

23. METER READING

I Each member receiving service will be required to supply the Cooperative with
T the reading of each meter on the form as furnished by the Cooperative on the
N date as designated by the Cooperative. If any member shall fail to read the
meter and supply such reading to the Cooperative Office by the date designated,
for three (3) consecutive months, such meter may be read by a representative
of the Cooperative and the member shall pay a service charge of \$10.00 (Ten
Dollars) to cover cost of trip by such representative. In the event that an
error in meter reading should be made or member fails to send in meter read-
ing card the member shall pay for that month either the minimum bill for the
service which he receives, or an amount approximately equal to his last bill.
Then the following month's bill shall be computed on the regular schedule pro-
rated for two months and the amount paid shall be credited.

24. UNPAID CHECKS FROM CONSUMERS

T When a check received in payment of a consumer's account is returned unpaid
I by the bank for any reason, the Cooperative will notify such consumer by letter
N stating the amount of the check and the reason for its return. Returned checks
will be considered same as a delinquent account, and, if payment in full is not
received for check within five (5) days after written notice, service to such con-
sumer will be discontinued. However, if a returned check was originally paid
on a delinquent account, service may be discontinued upon 48 hours written
notice.

25. BILLING ADJUSTMENTS TO STANDARD PERIODS

T of KWH are used shall be prorated based on KWH and time actually used. This
C proration does not apply to demand charges and is not applicable if more than
the minimum allowable KWH for a minimum bill is used.

26. DEPOSITS

- 1. A deposit approximately equal to two times the average monthly bill may be required of any member before service is supplied if the Cooperative deems it necessary to insure payment for the service it will render. The Cooperative may, at its own option, return the deposit after six (6) months. Upon termination of service, deposit may be applied against unpaid bills of the member, and, if any balance remains after such application is made, said balance to be refunded to the member.
- 2. Interest will accrue at the rate of 6% per annum on any deposit. Upon termination of service any accumulated interest will be applied against unpaid bills of the member, and, if any balance remains after such application is made, said balance will be paid to the member.
- 3. The Cooperative will issue to every member from whom a deposit is received a certificate of deposit, showing the name of the customer, location of initial premises occupied, date and amount of the deposit.

27. PURPOSE OF CLASSIFICATION

Classification is a means for treating without discrimination, all members having similar characteristics in their use of service. Special classification will be avoided unless surrounding conditions are so unusual that to apply one of the existing rates or rules would result in serious injustice to either the particular member or to all other members.

28. CLASSES OF SERVICE

Members of the Cooperative are served under the following classification and applicable rate schedules:

- a. A-1 Residential, farm and non-farm.
- b. B-1 Commercial, small power and three-phase farm service.
- c. OPS Optional to Consumer over any other large power rate.
- d. LP-1 Large power, more than 50 KW.
- e. LPR Large power and Industrial.
- f. E Schools, Churches, and Community Halls.
- g. SL Outdoor lighting service - Security Lights.
- h. SL-3 Street Lighting.

For information as to the availability, rates, charges, type of service, terms, etc., of the above mentioned services, see applicable rate schedule, a copy of which is attached hereto and made a part thereof.

F. LINE EXTENSIONS

29. DISTRIBUTION LINE EXTENSIONS (overhead)

- A. It shall be the policy to extend distribution lines to any permanent metered service without extra charge providing the extension is not beyond 1,000 ft.
 - 1. For an extension beyond 1,000 feet (excluding service drop) the customer may be required to pay the cost of the additional extension. The cost shall be the average cost per foot as determined for an average mile of line and which will be kept on file at the Cooperative office for viewing by the public and will be

F. LINE EXTENSIONS (continued)

29. DISTRIBUTION LINE EXTENSIONS (overhead) (continued)

A. 1. updated periodically.

2. Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of 1,000 feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the utility. After the end of the refund period no refund will be required to be made.

3. SUBDIVISIONS -- A proposed real estate subdivision may be required to pay the entire cost of the extension. Refunds for this advance may commence in 12 (twelve) months. The basis for refund shall be an allowance of 1,000 feet of extension at the same rate the advance was made for each customer who has been connected in the 12 (twelve) month period. Any advance balance remaining after a 10 year refund period shall be forfeited.

4. Nothing contained herein shall be construed as to prohibit this utility from making at its expense greater extensions than herein prescribed, should its judgment so dictate, provided like free extensions are made to other customers under similar conditions.

B. DISTRIBUTION LINE EXTENSIONS TO MOBILE HOMES

1. All extensions of up to 150 feet from the nearest facility shall be made without charge.

2. Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the customer shall pay the utility a "customer advance for construction" of \$50.00 (Fifty)

29. C. TEMPORARY EXTENSIONS, SINGLE PHASE OR THREE PHASE (continued)

- 1. removal cost, minus salvage.
- 2. All normal service charges in connection with service.

D. QUESTIONABLE PERMANENT SERVICES

Any single or three phase extension that is questionable in the sense that it might be temporary, such as mines, oil wells, etc., the consumer is required to pay for the construction of the line and will be refunded as set forth in Section 29-A.

30. UNDERGROUND EXTENSIONS

The Cooperative will install underground distribution lines to a residential subdivision under the following conditions:

- 1. The subdivision being developed must consist of a tract of line which is divided into ten (10) or more lots for the construction of new residential buildings or the land on which is constructed two (2) or more new multiple occupancy buildings (refer to PSC Electric Rules, Appendix A for definitions of terms).
- 2. Developer or owner of subdivision shall be required to advance to the Cooperative a non-refundable payment in an amount equal to an "estimated average cost differential", if any, between the average or representative cost of underground distribution systems in residential subdivisions and of equivalent overhead distribution systems within the utility service areas. If the applicant is required to deposit the entire estimated cost of the extension, the amount in excess of the normal charge for underground extensions shall be refunded to the applicant over a ten (10) year period as provided in Public Service Commission 807 KAR 2:050, Section 10.

4. Three phase primary mains or feeders required within a subdivision to supply local distribution or to serve individual three phase loads may be overhead unless underground is required by governmental authorities or chosen by applicant, in either of which case the differential cost of underground shall be born by the applicant.
5. Developer or successor in title shall grant a right-of-way satisfactory to the Cooperative for the installation, operation and maintenance of its underground facilities.
6. If developer provides and installs the secondary service lines to the residence from service pedestal located on easement, the Cooperative shall give the applicant credit in computing the entire estimated cost of the extension for \$50.00 (fifty dollars) or the equivalent cost of an overhead service line to the applicants meter base, whichever is greater and only the difference after giving such credit will be required as a deposit. Service lines to house (provided by developer) shall be installed and ready for inspection at the same time as the residence. Trench is to be left open until inspection has been made. If the Cooperative provides secondary service lines, applicant shall pay the "estimated average cost differential" between overhead and underground service.
7. The requirements as to wiring specifications of the utility and those of any regulatory body having jurisdiction must be followed. The Cooperative's Rates, Rules, and Regulations for furnishing electric service apply in the case of underground service and overhead service alike.
8. A copy of the current cost differential will be kept on file in the Cooperative's office at all times. (File annually with commission).

F. LINE EXTENSIONS (continued)

31. UNMETERED SERVICES

Certain installations may be unmetered and be billed a set monthly rate. These are to be installations that the monthly usage is fairly constant. These services, more specifically, are: cable TV amplifiers, railroad crossing signals, etc. that cause great difficulty in maintaining metering equipment.

CLASSIFICATION OF SERVICE

SMALL COMMERCIAL RATE	Schedule B-1	RATE Per Unit
<u>DETERMINATION OF BILLING DEMAND</u>		
The billing demand shall be the maximum kilowatt demand established by the consumers for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided hereafter.		
<u>POWER FACTOR ADJUSTMENT</u>		
The consumer agrees to maintain unity power factor as nearly as practicable. Demand charges will be adjusted for consumers with 50 kw or more of measured demand to correct for average power factors lower than 90%, and may be so adjusted for other consumers if and when the Seller deems necessary. Such adjustments will be made by increasing the measured demand 1% for each 1% by which the average power factor is less than 90% lagging.		
<u>MINIMUM MONTHLY CHARGE</u>		
(T)	The minimum monthly charge under the above rate shall be \$2.50 where a 4 KVA or less of transformer capacity is required. For consumers requiring more than 3 KVA of transformer capacity, the minimum monthly charge shall be increased by 75% for each additional KVA or fraction thereof required. Where it is necessary to extend or re-enforce existing distribution facilities, the minimum monthly charge may be increased to assure adequate compensation for the added facilities. Where the minimum charge is increased in accordance with the terms of this section, additional energy and demand shall be included in accordance with the foregoing rate schedule.

SCHEDULE SL-3

STREET LIGHTING SERVICE

Availability of Service: Available to rural communities and villages for controlled multiple street lighting systems, furnishing lighting from dusk to dawn.

Base Rates:

<u>Lamp Size</u>	<u>Bare Lamp with Reflector Annual Charge per Lamp</u>	<u>Mercury Vapor Annual Charge per Lamp</u>
100 watt	\$18.00	-----
150 watt	21.50	-----
200 watt	24.00	-----
10,000 lumens	-----	\$51.00
15,000 lumens	-----	54.00
20,000 lumens	-----	57.00

Discounts: Where two or more lamps are served in any village or community, a discount from the above annual charges will apply to each lamp except one, as follows:

<u>Average Distance Between Lamps</u>	<u>Discount Per Lamp</u>
300 feet or less	\$5.00
301-400 feet	4.50
401-500 feet	4.00
501-700 feet	3.00
701-900 feet	2.00
901-1200 feet	1.00
Over 1200 feet	None

For service from dusk to midnight a discount of 10% of the Base Rate shall be allowed.

Additional Charges: The above charges apply to lamps mounted on brackets. An additional charge of \$3.00 per year will be made for each suspended unit.

The above charges apply to lamps mounted on existing poles of the Cooperative and where no additional poles are required for any necessary street lighting circuits. An additional charge of \$2.00 per year will be added to the total charge as determined above for each additional pole required, unless the village pays the installed cost of such additional poles.

STREET LIGHTING SERVICE

Conditions of Service:

1. Street-lighting equipment including lamps, fixtures, and the necessary street-lighting circuits, transformers and additional guys and fittings will be furnished by the Cooperative. Where extensions of primary line are required, the total cost of such construction shall be paid by the village.
2. Lamp replacements will be made by the Cooperative. Any lamps replaced by the Cooperative will be made by the Cooperative. Any lamps replaced by the Cooperative will be charged to the village at cost as a separate item on the monthly bill for service.
3. Service will be furnished for future additional lamps in accordance with the above charges. The average spacing between lamps shall be recomputed to include the additional lamps.

CLASSIFICATION OF SERVICE

OPTIONAL POWER SERVICE	Schedule OPS	RATE Per Unit
<p>MINIMUM MONTHLY CHARGE: The minimum monthly charge shall be the highest one of the following charges as determined for the consumer in question:</p> <ul style="list-style-type: none"> (1) A charge of \$25.00 (2) The minimum monthly charge specified in the contract for service. (3) A charge of 75¢ per KVA of required transformer capacity. The Seller may, if it so desires, install transformers of capacity larger than required; but in such case, the Consumer's minimum bill shall be based on the standard transformer size which would have been adequate for Consumer's load. <p><u>Service Provisions:</u></p> <p>1. Delivery Point--If service is furnished at secondary voltage, the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment on the load side of the delivery point shall be owned and maintained by the Consumer.</p> <p>If service is furnished at Seller's primary line voltage, the delivery point shall be the point of attachment of Seller's primary line to Consumer's transformer structure unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.</p> <p>2. Lighting--Both power and lighting shall be billed at the foregoing rate. If a separate meter is required for the lighting circuit, the registrations of the two watt-hour meters shall be added to obtain total kilowatt hours used.</p>

LARGE POWER RATE	Schedule - LPR	RATE Per Unit
<p>DETERMINATION OF BILLING DEMAND: The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided below.</p>		
<p>POWER FACTOR ADJUSTMENT: The consumer agrees to maintain unity power factor as nearly as practicable. Power factor may be measured at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 85% , the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 85% and divided by the percent power factor.</p>		
<p>MINIMUM CHARGE: The minimum monthly charge shall be the highest one of the following charges:</p>		
<p>(a) The minimum monthly charge as specified in the contract for service.</p>		
<p>(b) A charge of \$0.75 per K.V.A. per month of contract capacity.</p>		
<p>FUEL COST ADJUSTMENT CHARGE: In case the rate under which seller purchases power at wholesale is adjusted in accordance with a fuel cost adjustment provision in Seller's wholesale power contract, the foregoing energy charges shall be adjusted each month by the same amount per KWHR. as the fuel cost adjustment per KWHR in Seller's wholesale power bill for the next preceding month.</p>

CLASSIFICATION OF SERVICE

Outdoor Lighting Service - Security Lights

Schedule SL

RATE
PER UNIT

Availability - Available to all consumers of the Cooperative for dusk to dawn lighting in close proximity to the existing overhead secondary circuits.

Rate Per Light Per Month - Mercury Vapor Lamp 175 Watt \$3.00-Unmetered
Mercury Vapor Lamp 175 Watt \$2.00-Metered

Conditions of Service

1. The Cooperative shall furnish, install, operate and maintain Security Light(s) at a location mutually agreeable to both the Cooperative and the consumer. The Cooperative will determine if it is to be metered or unmetered.
2. The Cooperative shall furnish and install a wooden pole if required for the outdoor light within 150 feet of existing secondary circuits.
3. The lighting equipment shall remain the property of the Cooperative. The consumer shall protect the lighting equipment from deliberate damage.
4. The Cooperative shall maintain the lighting equipment including the lamp replacement, at no additional cost to the consumer within a reasonable time after the consumer notifies the Cooperative for the need of maintenance, except that in the case of lamp or fixture damage because of vandalism, replacement may be made only once at no cost to the consumer. After that, the consumer may be required to pay for the cost of the replacement.
5. The consumer shall allow authorized representatives of the Cooperative to enter upon the consumer's premises to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of lighting equipment upon termination of service under this schedule.
6. All rentals will be billed as a separate item on the consumer's electric service bill and revenues derived will be recorded under the revenue account for which the consumer is receiving his electric service.
