Farmdale Water District

Cancelling P.S.C. Ky. No. 1

Original Rates, Rules & Regulations Approved 09-21-67 Revised Sheet No. 1

RULES AND REGULATIONS

1. Additional Rules and Regulations. These Rules and Regulations are in addition to the rules of the Kentucky Public Service Commission as of March 1, 1986.
2. Application for Service. Each prospective customer desiring water service is required to sign the District's Standard Water Service Contract before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If the distance from the water main to the property of the customer is greater than 50 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided in the Schedules of Rates and Charges must be paid on all new connections to the existing water line. Applications for service connection will not be processed if the applicant is indebted to the District for any reason whatsoever. Extensions to the utility's main shall be in accordance with 807 KAR 5:066, Section 12(2).
3. Discontinuance of Service by District. District may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations, or for violation of any of the provisions of the Schedules of Rates and Charges, or of the customer service contract. District may discontinue service to customer for the theft of water or the appearance of water theft devices on premises of customer. The District shall not be required to restore service until the customer has complied with all rules and regulations of the Commission and the District has been reimbursed for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use. All discontinuance of services is subject to the Notice Requirements of 807 KAR 5:006, Section 11.
4. Billing. Bills will be rendered monthly and shall be paid within ten days from date of bill at the Office of District. Failure to receive bill will not release customer from payment obligations. Should bill not be paid as above, the District may at any time subsequent to twenty (20) days after the mailing date of the original bill, and upon at least forty-eight (48) hours written notice, discontinue service. Should the final date for payment of the bill at the net rates fall on Sunday or holiday, the business day next following the final date will be held as a day of grace for delivery of payment.
5. Deposit. Interest will be paid on all sums held on deposits at a rate no greater than the water district receives in interest and at no time shall the interest payable to the customer exceed 6 percent annually. The interest will be applied as a credit **EFFECTIVE**

RULES AND REGULATIONS

to the customer's bill or will be paid to the customers on an annual basis. If the deposit is refunded or credited to the customer's bill prior to the deposit's anniversary date, interest will be paid or credited to the customer's bill on a pro-rated basis. If interest is not credited to the customer's bill or paid to the customer annually, interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with the Commission Order dated October 31, 1989 in Case No. 89-057, interest on deposits computed in this manner will accrue until credited to the customer's bill or paid to the customer.

- 6. Point of Delivery. The point of delivery is the point where the meter is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer.
- 7. Termination of Contract by Customer. Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days written notice, or in person, to that effect, unless contract specified otherwise. Notice to discontinue service prior to expiration of contract term will not relieve customer from any minimum or guaranteed payment under any contract or rate.
- 8. Customer's Service Line. All service lines beyond the metering point should be installed of material consisting of copper, galvanized, or PVC pipe with rating of not less than 160 psi. The size of service line beyond the point of delivery should not be less than 3/4" however, a larger size may be needed to provide adequate service.
- 9. Right of Access. The customer must agree to permit the District to lay, maintain, repair, or remove such water lines which are the property of the District located on the customer's property with the right of ingress-and-egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling, and testing, in accordance with the provision of these Rules and Regulations.
- 10. Interruption of Service. The District will use reasonable diligence in supplying water service and shall make effort to notify affected customers in the event of a service interruption and approximate time of service restoration.
- 11. Additional Load. The service connection supplied by the District for each customer

has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, may render the customer liable for any damage to any of the District's lines or equipment caused by the additional or changed installation, as determined by a court of law having jurisdiction over the parties.

- 12. Notice of Trouble. Customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water.
- 13. Nonstandard Service. Customer shall pay the cost of any special installation work necessary to meet a peculiar requirement for service other than standard water tap.
- 14. Scope. The Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges, shall be kept open to inspection at the Office of the District.
- 15. Damage to District's Water System. No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenance as may be determined by a court of law having jurisdiction.
- 16. Relocation of Water Facilities. District may, at the request of customer, relocate or change existing District-owned equipment. Customer shall reimburse District for such changes at actual cost including appropriate overhead.
- 17. Revisions. These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:
 - a. By order of the Public Service Commission upon formal application by the District, and after hearing, as provided by Commission regulation set forth in 807 KAR 5:011, Section 6.
 - b. By issuing and filing on at least twenty (20) days notice to the **PUBLIC SERVICE COMMISSION OF KENTUCKY** on and **EFFECTIVE**

RULES AND REGULATIONS

the public all proposed changes in the Rules and Regulations, as provided by Commission regulations set forth in 807 KAR 5:011, Section 8.

- 18. Conflict. In case of conflict between any provisions of any rate schedule and the Schedule of Rules and Regulations, the rate schedule shall apply.
- 19. Bill Adjustment. In conformity with 807 KAR 5:006, Section 9 of Commission regulations, whenever a meter in service is found upon periodic request or complaint test to be more than two percent (2%) fast or two percent (2%) slow, then the customer's bill will be recomputed for the period in which the meter error occurred. If the period in which the meter error existed is unknown, then the bill will be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no case to exceed twelve (12) months. When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be given written notification of the date, location, and results of the test, as well as the amount to be deducted from or added to his regular bill.
- 20. All extensions to the system's transmission or service mains required to service a private development shall be subject to a Line Extension Agreement executed between the Developer and the Water District.
- 21. Flush Hydrants. The District places hydrants at various points throughout the system solely for maintenance and flushing purposes. The District will not object to the use of these hydrants by fire departments in emergency situations, however, it must be understood:
 - 1. The intended use of hydrants is not fire protection.
 - 2. The District will not guarantee any amount of water pressure at any given hydrant.
 - 3. Emergency users will not use pumps to pull water from any hydrant.
 - 4. The District will not be responsible for any claims arising from the use of flush hydrants for any purpose by persons other than Farmdale Water District Personnel.
