Mt. Sterling Water and Sewer Commission

SEP 29 1994

Resolution

of PURSUANT TO 807 KAR 5.011,  
March 7, 1983 SECTION 9(1)

BY: Judson C. Neal  
FOR THE PUBLIC SERVICE COMMISSION

Whereas, at the time that a Water Purchase Contract was entered into between the City of Mt. Sterling, Kentucky, and Montgomery County Water District Number One on March 24, 1981, with the approval of the Mt. Sterling Water and Sewer Commission, it was anticipated that the construction of a new water line from the City of Mt. Sterling, Kentucky, to the community of Camargo would be completed by March 24, 1983; and,

Whereas, said new water line has not yet been constructed, but, it now appears that the said Water District has completed all the preliminary requirements of its principal lender, the Farmers Home Administration, and will soon advertise for construction bids;

Now Therefore, the following Resolution is hereby adopted:

"Resolved that the Mt. Sterling Water and Sewer Commission recommends to the City of Mt. Sterling, Kentucky, that the Water Purchase Contract between the City of Mt. Sterling, Kentucky, and Montgomery County Water District Number One, dated March 24, 1981, be extended so that the period during which the said Water District may begin purchasing water under the provisions of said Water Purchase Contract shall be lengthened twelve months to the date of March 24, 1984, with it being specifically understood that the Water District shall pay for such purchased water according to the

prevailing water rates charged to other similar independent Water Districts in Montgomery County, as same may be changed from time to time."

This March 7, 1983.

Mt. Sterling Water and Sewer Commissio.
