**RULES AND REGULATIONS**

**5. AVAILABILITY OF SERVICE TO DELINQUENT MEMBERS**

The Cooperative shall deny service to any applicant who is a member of a delinquent household when the prior customer continues to reside in the household and uses the service. If the application is accepted before the facts are established, the membership of the applicant will be cancelled and the deposit, if any, applied to the delinquent member's account.

When a consumer's service is disconnected at one location and then connected at another location, the balance due at the original location may be transferred to the account of the new location. The service to the new location may then be disconnected if the customer becomes delinquent in his payment of the original balance.

**6. RIGHT TO ACCESS**

Each member shall, at the time of application, provide the Cooperative with permits or shall sign right-of-way easements furnished by said Cooperative. The Cooperative shall at all reasonable hours have access to meters, service connections, and other property owned by the Cooperative and located on the consumers premises for purpose of placing, locating, building, construction, operating, replacing, rebuilding, relocating, repairing, improving, enlarging, extending, and maintaining on, over, or under such lands and premises, or removing therefrom its electrical distribution system, new or existing lines, wires, poles, anchors and other necessary or pertinent parts. Meters shall not be placed inside building or structures or enclosed porches.

T  
T

Any employee of the Cooperative whose duties require him or her to enter the customer's premises shall wear distinguishing uniform or insignia identifying him/her as an employee of the Cooperative, or carry on his/her person a badge of identification which will identify him as an employee of the Cooperative the same to be shown upon request.

RULES AND REGULATIONS

An acceptable credit history means that, during the time specified the member must not have made more than two (2) late payments, paid with a cold check or have been disconnected for non-payment.

Interest shall be computed on said deposit at the rate of 6% annually. Interest is to be paid or credited to the bill upon refund of deposit or annually at the anniversary date of the deposit.

Refunds of all deposits shall be made under the following conditions:

1. Upon the request of discontinuation of service for which the deposit was made by the consumer, (any unpaid bills shall be deducted from the deposit).
2. Upon the annual anniversary of the payment of said deposit following one year of continuous service during which the member has established an acceptable credit history as defined above.
3. Upon discontinuation of service for which the deposit was made for any reason, (such as nonpayment of bills). Any unpaid bill shall be deducted from the deposit.

If the Cooperative retains a residential deposit for more than 18 consecutive months a recalculation of the deposit amount will be made upon request by the consumer. If the deposited amount differs by more than \$10.00 from 2/12 of the actual billing for the previous 12 months, then any excess deposit will be refunded to the consumer in the form of a credit and any under payment of deposit may be collected by the Cooperative.

The Cooperative shall not be required to refund any excess deposit if the consumer's bill is delinquent by more than one billing period at the time of request.

A recalculation of residential consumer deposit will be made only once per each deposit.
