ADVANCED CALLING SERVICES

A. GENERAL

(N)

Advanced Calling Services (ACS) are optional services, offered in addition to regular exchange service, which allows customers to efficiently manage the call flow generated over their Exchange Access Line(s). Customers will be able to screen, redirect, or return selected calls. These services offer subscribers convenience, time savings, and a greater degree of control over the use of their telephones. Advanced Calling Services are available to residence and business customers where facilities are available. Individual feature availability may differ by exchange.

B. SERVICE DESCRIPTION

1. CALL REJECTION

This service enables a subscriber to reject up to a maximum of six (6) preselected incoming telephone numbers from which he/she does not wish to receive calls. To select a telephone number, the subscriber dials a unique code and then constructs or modifies a telephone number screening list. To add an unknown telephone number to the list, a subscriber can activate a code immediately after receiving an unwanted incoming call. The Company's equipment will screen incoming calls against the subscriber's list and reject those on the list. Callers whose numbers are rejected are directed to a Company recorded announcement. If facilities are unavailable to provide incoming call screening via the subscriber's list, standard call completion will occur.

2. CALL RETURN

This service enables the subscriber to automatically redial the telephone number of the most recent incoming call. The Company's equipment will make repeated attempts to establish the call for approximately a thirty (30) minute period, beginning with the subscriber's activation of Call Return if the most recent incoming call is busy. If the most recent incoming call is blocked, the subscriber will get a Company recorded announcement indicating the number is a private number and the call cannot be returned. The service cannot be activated for calls originating from a line that is forwarded or from a line not associated with a telephone number, e.g., multiline hunting groups.

Call Return is available on a per usage or flat rate basis. This service will have a per activation rate and a specified number of chargeable activations. After the specified number of chargeable activations, each activation thereafter will be at no charge.

3. PREFERRED CALL FORWARDING

This service enables the subscriber to forward up to a maximum of six (6) preselected incoming telephone numbers to another telephone number. To forward a telephone number, the subscriber dials an activation code and then constructs or modifies a telephone number screening list. The Company's equipment will screen incoming calls against the subscriber's list and forward only those telephone numbers on the list. Calls forwarded by this service are subject to all applicable local and long distance charges. These calls are also subject to transmission limitations.

4. PRIORITY RINGING

This service allows the subscriber to provide up to a maximum of six (6) preselected incoming telephone numbers with a distinctive alerting signal or ring (or a distinctive Call Waiting tone if the subscriber has subscribed to Call Waiting), when the subscriber receives calls from them. To program a telephone number, the subscriber dials a unique code and then constructs or modifies a telephone number screening list. The Company's equipment will screen incoming calls against the subscriber's list and provide the Priority Ringing service for the preselected telephone numbers on the subscriber's list.

5. REPEAT DIALING

This service enables the subscriber to automatically redial the last outgoing telephone number dialed from that line. When the recalled telephone number is busy, the Company's equipment will make repeated attempts to establish the call for approximately a thirty (30) minute period, beginning with the subscriber's activation. Repeat Dialing is available on a flat rate basis.

6. SPECIAL CALL ACCEPTANCE

This service enables a subscriber to allow up to a maximum of six (6) preselected incoming telephone numbers to be accepted. To select a telephone number to be accepted, the subscriber dials a unique code and then constructs or modifies a telephone number screening list. The Company's equipment will screen incoming calls against the subscriber's list and allow only those calls to be completed. Calls from all other numbers will be routed to a Company recorded announcement.

7. CALLER ID

Caller ID - Basic (Number only) and Caller ID - Deluxe (Name and Number) are the available services.

Caller ID - Basic (Number Only)

This service utilizes specific network capabilities to transmit and display the number associated with an incoming call to the called party's access line. The number of the incoming call is transmitted during the silent interval between the first and second ring of the called party's line. Caller ID subscribers must provide, and connect, their own compatible premises equipment in order to process and display the number transmission. The Company will forward all telephone numbers where technically feasible.

If a calling party has activated blocking, the number will not be transmitted to the display equipment of a Caller ID subscriber. Instead, the Caller ID subscriber will receive a privacy indicator. This privacy indicator notifies the Caller ID subscriber that the calling party chose to block number delivery.

Caller ID - Deluxe

This service utilizes specific network capabilities, where technically feasible, to transmit the Name and Number associated with an incoming call to the called party's access line. The name and number of the incoming call is transmitted during the silent interval between the first and second ring of the called party's line. Caller ID - Deluxe subscribers must provide, and connect, their own compatible premises equipment in order to process the name and number transmission. The Company will forward all telephone numbers where technically feasible.

If a calling party has activated blocking, the name and number will not be transmitted to the display equipment of a Caller ID - Deluxe subscriber. Instead, the Caller ID - Deluxe subscriber will receive a privacy indicator. This privacy indicator notifies the Caller ID - Deluxe subscriber that the calling party chose to block name and number delivery.

At this time, name and number blocking may not be provided on all calls originating from paystations or other services used by the general public. This depends on feature availability.

8. CALLER ID BLOCKING

Caller ID Blocking allows the subscriber to prevent the delivery of their calling data to a Caller ID subscriber on a per call basis (Caller ID Blocking - Per Call) or per line basis (Caller ID Blocking - Per Line).

a) Caller ID Blocking - Per Call

This service will block the delivery of the caller's data to a Caller ID subscriber for one call only and may be activated from all single party access lines by dialing *67 (1167 from a rotary phone) prior to placing the call. **PER THE FCC CALLER ID ORDER, EFFECTIVE 12/1/95, CALLER ID BLOCKING - PER CALL IS PROVIDED TO ALL CUSTOMERS AT NO CHARGE.**

As of 1/1/97, per FCC Docket 91-281, per call blocking will be provided on calls originating from public, semi-public or other paystations used by the general public and party lines.

b) Caller ID Blocking - Per Line

This service will automatically block the delivery of the caller's data to a Caller ID subscriber on all calls and will be made available or offered, at no charge, to law enforcement agencies and domestic violence programs and Non-Published Residential customers. Per line blocking can be deactivated by dialing *82 (1182 from a rotary phone) prior to placing the call.

9. CALL TRACE

This service enables the customer to initiate a trace of the last incoming call completed by dialing an activation code immediately after terminating the call. A Call Trace is considered successful when the Company's equipment is able to record the incoming call detail (not the conversation). Incoming call detail includes: the calling number, the time the trace was activated, and in some locations, the time the traced call was received. Upon completion of a successful trace, the customer will be assessed a Call Trace fee that will appear on the customer's next bill. The results of the trace are never provided to the customer directly. Call Trace information will only be given to appropriate law enforcement agencies. For further action to be taken, the customer is required to contact the Telephone Company Business Office during normal business hours, which will refer the customer to appropriate law enforcement agencies, or contact the law enforcement agency directly. In addition, the business office will contact the customer when two successful traces have been made to the same number within thirty days. Call Trace detail will be retained by the company and made available to the local law enforcement for ten business days after the trace has been initiated.

Call Trace may not capture incoming telephone numbers marked "private" or "out of area".

Only calls from locations with compatible signaling services are traceable using Call Trace.

10. ANONYMOUS CALL REJECTION

This service enables a subscriber to reject incoming calls from which a privacy indicator is received. The service is activated by dialing a unique code. When the service is active, the Company will not complete calls to its customer when the calling party has activated Caller ID blocking services. Such calls will be routed to a Company recorded announcement.

C. SPECIAL CONDITIONS AND LIMITATIONS

(N)

1. Special Conditions for Caller ID:

- a) An originating caller's data may not be displayed at the called party under the following conditions:
 - 1) The caller's data will not be displayed if the called party is off-hook. The called party must be on-hook to receive the caller's data. If the customer subscribes to both Call Waiting and Caller ID, and is on an existing call, a second incoming call information will not be displayed. Instead, the called party will receive the usual Call Waiting tone.
 - 2) The caller's data will not be displayed if the called party answers the incoming call during the first ring interval.
 - 3) Caller ID services cannot be provided with any distinctive ringing lines having a maximum silent interval duration that is not long enough to allow transmission of the data message.
 - 4) Identification of names, specific stations or extensions served by a PBX or Key System is not possible. The main directory number of the PBX or Key System will be displayed.
 - 5) Caller ID - Basic and Caller ID - Deluxe cannot be provided if the calling party is from a multi-party line. The called party will receive an "Unavailable" display.
 - 6) The Caller's data will be unavailable if it is from another office that is not linked by appropriate facilities with the called party's office.
 - 7) The calling party has activated blocking.
 - 8) Caller ID services do not display a directory number or name and number (if available) for operator assisted calls, calls marked private by the originator or calls originating from coin and party line stations.
 - 9) Caller ID services cannot be provided if the calling party is from a multi-party line. The called party will receive an "Unavailable" display.

- b) The following special conditions apply to Caller ID services based on the FCC Caller ID Order effective 12/1/95:
- 1) If a customer dials a "1-800" or other Automatic Number Identification (ANI) Service number, the telephone number that they are calling from will be revealed to the called party through ANI technology. Even if the customer has per line blocking or has activated per call blocking, the 800 number party has the right to obtain this information through ANI.
 - 2) ANI information may not be reused or resold for other purposes without a caller's consent, even where the called party has paid for the call.
 - 3) Caller ID services are available on all long distance calls where technically feasible.
 - 4) All calling data will be displayed to E911 through ANI technology, even if the customer has per line blocking or has activated per call blocking.
 - 5) All calling data will be passed, even for customer who do not subscribe to Caller ID.
 - 6) Per call blocking will be available to all customers. (The FCC Order overrules all state PUC/PSC decisions on Per call blocking.)

CATV POLE ATTACHMENT AND CABLE DUCT ARRANGEMENTS

X.1 Application of Tariff

X.1.1 This tariff contains regulations and charges applicable to the provision of attachment space for cable television facilities on poles of Salem Telephone Company, Inc. hereinafter referred to as the "Company", and the provision of cable duct space for such facilities in underground conduits of the Company.

X.1.2 The terms and conditions contained herein apply where the CATV operator, as a customer of the Company, proposes to install coaxial or other types of television distribution cables, amplifiers and drop wires, wires, and appliances together with associated cable messengers, anchors and other appurtenances (hereinafter sometimes collectively called the "equipment") and desires to attach such equipment in cable ducts of the Company.

X.2 Definitions

X.2.1 Poles - All references to "poles" of the Company shall mean poles which are either solely owned by the Company, are jointly owned by the Company and another, or are owned by another who has granted the Company exclusive use and control of space upon it's poles.

X.2.2 Pole Attachment - This term means any attachment by a CATV firm to a pole owned or controlled by the Company.

X.2.3 Cable Duct Space - This term shall mean individual cable ducts within a multiple-duct conduit system owned by the Company.

X.2.4 Equipment - the "equipment" referred to herein consist of coaxial or other types of television cables, amplifiers and drop wires, wires and appliances together with associated cable messengers, anchors, and other appurtenances used in the provision of CATV service.

X.2.5 Joint User - All references herein to "joint user" shall mean a utility company or municipality which, together with the Company, jointly provides poles for common use in the provision of service of the respective entities, and shall also include a utility company or municipality which, together with the Company, owns a percentage of a pole, or which owns a pole upon which the Company has obtained exclusive use and control of specified space.

X.2.6 Cable Television Company or Operator (CATV) - All references herein to "CATV Company and/or Operator" shall mean a company which provides CATV service.

X.2.7 CATV Service - All references herein to "CATV Service" shall mean the transmission, by means of coaxial or other types of distribution cables, of television audio and video signals from a central point within an exchange of the Company to subscribers of a CATV company within such exchange.

X.3 Scope

X.3.1 Subject to the terms and conditions contained in this tariff, the Company will provide CATV pole attachment and cable duct space and permit a CATV operator, for the purpose of furnishing CATV service, to install it's equipment upon or within such of the Company's poles and conduits if pole attachment or conduit space is available or can be made available.

X.3.2 References herein to CATV equipment placed in the Company's cable ducts shall mean only cables and wires. No right to place amplifiers, power supplies or other related equipment in manholes or cable ducts of the company is conferred by this tariff.

X.3.3 The CATV company shall secure from the proper franchising authority, a franchise to erect and maintain it's thoroughfare, provided such franchising authority exists and shall secure any and all consents, permits, licenses, easements, or rights-of-way that may be legally required for it's operation hereunder. The CATV company shall additionally provide to the Company a map depicting the franchised area in which pole attachments and cable duct arrangements may be applied for by the CATV company.

X.3.4 The CATV company shall assist in, and bear the expense of securing any additional consents, permits, or licenses that may be required by the Company because of CATV pole attachments or cable duct usage.

X.3.5 The franchises, consents, permits, licenses, easements, and rights-of-way of the Company are for it's own facilities and the provision of it's other services. No rights in such franchises, consents, permits, licenses, easements, or rights-of-way are conferred upon any CATV company hereunder.

X.4 Application of Notification to Install

X.4.1 At forty-five (45) days prior to the time the CATV company desires to attach it's equipment to any of the Company's poles, or to install any such equipment within a cable duct of the Company, the CATV operator shall make written application on the form prescribed to the Company. The Company shall, in turn, notify the CATV company in writing of it's notification to allow the installation.

X.4.2 Where the application for attachment involves joint-use poles, the CATV operator shall so indicate in it's application, and provide a copy thereof to the joint user. Permission to attach to joint-use poles shall be subject to the Company obtaining approval from such joint user when necessary.

X.4.3 Upon notification by the Company for pole or cable duct space to be used by the CATV company, the CATV company shall have the right, subject to the SPECIFICATIONS contained herein, to install, maintain and use it's equipment described in it's application, upon the poles or in the cable ducts identified in it's application.

X.4.4 Where costs are involved in the rearrangement of the Company's facilities to accommodate the CATV company's equipment, the Company shall notify the CATV company, in writing, of the changes and rearrangements required and the cost for performing such. Approval of the application by the Company is subject to receiving authorization from the CATV company to make changes and rearrangements detailed by the Company, at the CATV company's sole expense.

X.4.5 The CATV company shall not have the right to place, nor shall it place, any additional equipment upon any pole or in any cable duct without first making application and receiving the Company's notification to do so, as provided for in this tariff; nor shall the CATV company change the position of any equipment attached to any such pole or installed in any cable duct without the Company's prior written approval. The provisions of this paragraph shall not restrict the attachment of television drops to television crossarms or television cable messenger. Unauthorized attachments or installation in cable duct shall be subject to penalty and/or special "make-ready" charges set forth in this tariff.

X.5.1 The CATV company, at its own cost and expense, shall construct, maintain and replace its attachments on the Company's poles in accordance with (1) such requirements and specifications as the Company shall prescribe and have on file with the Commission, (2) EEI Publication M12 entitled "Specifications for the Construction and Maintenance of Jointly-Used Wood Pole Lines Carrying Supply and Communication Circuits", (3) the requirements and specifications of the National Electrical Safety Code, 1981 Edition, and any amendments or revisions of said specifications or code, and (4) in compliance with any rules or orders now in effect or that hereafter may be issued by the Public Service Commission of Kentucky or other authority having jurisdiction. The CATV company shall comply, at its sole risk and expense, with changes and revisions in the above specifications and requirements.

X.6 Installation and Maintenance of CATV Equipment

X.6.1 The exact location of the CATV company's attachments on poles and installation in cable ducts shall be determined by the Company in its sole discretion after a joint survey to be made, at such times as shall be mutually agreed upon, by representatives of the telephone company and the CATV company. The Company may make periodic inspections as conditions may warrant. Such inspections shall not operate to relieve the CATV company of any responsibility, obligation, or liability assumed under this tariff. When substandard installations are found which are created by the CATV operator, the Company shall give notice of such to the CATV company, and the CATV company shall remedy such conditions within a reasonable time as directed by the Company. In the event the CATV company fails to remedy the condition within the time prescribed, the Company may act to remedy it with the cost of such to be paid by the CATV company.

X.6.2 Where reasonable cause exists, the Company, with concurrence from the CATV company, may make the attachment or replacement of the CATV's equipment to Company poles. In such cases, the CATV company will furnish all such materials and equipment, and will reimburse the Company for the entire installation costs incurred. The CATV company shall deposit with the Company, prior to such installation, sufficient sums estimated by the Company to be adequate to reimburse it for such work.

X.6.3 If the CATV company grants permission for Company to perform installation, rearrangement or removal of CATV equipment in the Company's cable ducts shall be performed by the Company at the expense of the CATV company. Such work shall be performed

in accordance with the Company's established practices, and the CATV operator will furnish all materials and equipment to be installed and pay, in advance, the Company's estimated costs of such work.

X.6.4 Where the CATV company's equipment can be accommodated on Company poles or in Company cable ducts by rearranging or changing the Company's facilities, the CATV company shall pay the Company the cost of making such rearrangements or changes. Strengthening of poles (guying) required to accommodate the attachments of the CATV company and the bonding of the CATV's strand to that of the Company shall be performed by the CATV company at it's sole risk and expense. Such work may be performed by the Company with concurrence from the CATV company, and the CATV company shall pay the Company the cost of all such work.

X.6.5 After initial attachment, when the Company subsequently requires a change in its poles, attachments thereto or its conduit system for reasons unrelated to CATV operations, the CATV company shall be given at least 48 hours advance notice of the changes required and sufficient time to accomplish the CATV related change. If the CATV operator is unable or unwilling to meet the Company's time schedule for changes in attachments, the Company may do the work and charge the CATV company its reasonable costs for performing the change of CATV equipment. In cases of emergency, the Company may, at the CATV company's sole expense, arrange to relocate or replace the facilities attached to Company poles by the CATV operator, transfer them to substituted poles or perform any other work in connection with said facilities, that may be required in the maintenance, replacement, removal, or relocation of said poles the facilities thereon or the equipment which may be placed thereon.

X.6.6 All required maintenance of CATV equipment shall be performed by the CATV operator. No entry shall be made into any facility housing the cable ducts without the written notification of the Company. The Company reserves the right to require the presence of it's representative at the time of any such entry, with the cost thereof to be reimbursed by the CATV company. An estimate of such cost shall be furnished at the time the Company gives its written notification for entry.

X.6.7 All tree trimming required on account of CATV company equipment shall be done by the CATV operator at its sole expense and in a manner satisfactory to the Company.

X.6.8 The CATV company shall, at its sole risk and expense, maintain all of its equipment on Company poles or in Company cable ducts in safe condition and in thorough repair.

X.6.9 Nothing herein contained shall give to the CATV company the right to place a crossarm on any Company pole. If a crossarm is required to accommodate the facilities of the CATV company, the CATV company shall state their reasons in its application for attachment.

X.6.10 The CATV company shall not at any time make any additions to, or changes in, the location of its attachments on poles or equipment in cable ducts without the prior poles or equipment in cable ducts without the prior written consent of the Company, except in cases of emergency when oral notification has been obtained from the Company and subsequently confirmed in writing.

X.6.11 If the CATV company should require the location of its equipment upon any public thoroughfare or other public or private property in the conduct of its business and the Company does not have pole facilities so located to fulfill CATV requirements and has no immediate need for such for the Company's own use, the Company will notify the CATV operator whether the Company is willing to place such pole facilities. Special rental charges shall be agreed to by the CATV company prior to the Company's placement of such pole facilities, and the rental charges specified herein shall not apply. The special rental charges shall be based upon the total use of the pole facilities by the CATV company. In the event such pole facilities are subsequently used by the Company for the provision of its other services, the special rental charges shall no longer apply, and the rental charges specified in this tariff shall apply.

X.6.12 Whenever, pursuant to this tariff, the CATV company shall be required to remove its equipment from any pole, such removal shall be made within thirty (30) days following the notice given by the Company to the CATV, except as otherwise specifically provided. Upon failure of the CATV company to remove such equipment within thirty (30) days or as otherwise required, the Company may remove them and charge the CATV company all costs associated with such removal.

X.6.13 Whenever, pursuant to this tariff, CATV equipment in cable ducts shall be required to be removed, relocated or replaced, such work shall be performed by the Company after written notice to the CATV company, at the CATV company's sole risk and expense unless written notification is given to the CATV company to perform such work. X.7 Cost of Pole Replacements

X.7.1 Whenever the CATV company applies to attach to a pole that is considered by the telephone company to be insufficient in height or strength for accommodation of CATV attachments, the Company shall notify the CATV operator of such fact and of the estimated cost to the CATV company of replacing such pole with a pole which will accommodate the attachments of the CATV company and the telephone company. Within thirty (30) days of such notification, the CATV company shall either notify the Company (1) of its approval of such replacement or (2) of its cancellation of the application with respect to such pole.

X.7.2 In the event of CATV's approval of such replacement, the Company shall replace the pole and the CATV operator shall pay to the Company in advance the charges computed as follows:

The total cost of the new pole, the removal of the old pole, the transferring of the Company's attachments from the old to the new pole and such other costs, if any, necessitated by CATV requirements, less the total of the following: accrued depreciation on the old pole, salvage, if any, and the cost of such portion of the new old pole, salvage, if any, and the cost of such portion of the new pole, if any, which PUBLIC SERVICE COMMISSION space reserved for the use of the Company greater than KENTUCKY that provided for them on the old pole and appropriate EFFECTIVE contribution by any other company attached thereto.

X.8.2 Upon notice from the telephone company to the CATV company that the removal or cessation of the use of any pole or cable duct has been requested or directed by Federal, State, or municipal authorities, or property owners, permission to attach to such pole or to use such cable duct shall immediately terminate and the CATV company shall forthwith remove its equipment therefrom.

X.9 Protection Against Claims for Libel and Slander, Copyright and Patent Infringement

X.9.1 The CATV company shall indemnify, protect, and hold harmless the Company from and against any and all claims for libel and slander, copyright, and/or patent infringement arising by reason of attachment of CATV equipment to Company poles or installation of CATV equipment in Company cable ducts, pursuant to this tariff.

X.10 Limitations

X.10.1 No use, however extended, of the Company's poles or cable ducts under this tariff shall create or vest in the CATV company any ownership or property right in said poles or ducts. Nothing herein contained shall be construed to compel the Company to maintain any of its facilities for a period longer than that demanded by its other service requirements.

X.10.2 The Company reserves to itself, its successors and assigns the right to maintain its poles and conduit and to locate and operate its facilities in such manner as will best enable it to fulfill its other public service requirements. The Company shall not be liable, except for gross negligence to the CATV company or for any interference with the operation of the equipment of the CATV company.

X.10.3 The Company reserves the right to provide pole attachment and cable duct space available to other entities. This tariff shall not limit the rights and privileges previously granted, to others, to use any poles or cable ducts covered by this tariff, and the privileges provided by this tariff shall at all times be subject to such previously granted rights, except when pole attachment is, or can be available.

Failure of the CATV firm is permitted to perform any work authorized pursuant to this tariff. Failure of the CATV company to provide notice of renewals, changes in carrier, or a reduction in or termination of insurance coverage will be just cause for the Company to terminate the CATV company's right to continue its pole attachments. If renewal premiums are not paid by the CATV company prior to said 30-day notice, the Company shall have the right to pay said premiums and be reimbursed by the CATV company upon demand.

X.11.4 The CATV operator shall promptly notify the Company of all claims and potential claims relating to damage to property or death of persons arising or alleged to have arisen in any manner by or associated with, directly or indirectly, the presence or use of the CATV company's equipment upon or within any facility of the Company.

X.11.5 The CATV company shall exercise special precautions to avoid damage to facilities of the Company on said poles and hereby assumes all responsibility for any and all loss for such damage. The CATV company shall make an immediate report to the telephone company of the occurrence of any such damage and shall reimburse the Company for the expense incurred in making repairs necessitated thereby.

X.12 Surety

X.12.1 The CATV company shall furnish a bond for each individual CATV system utilizing pole attachments under this tariff to guarantee the payment of any sum which may become due to the Company for rental, penalty, and make-ready charges and work performed by the Company, pursuant to this tariff, for the benefit of the CATV company or as a result of default or forfeiture by the CATV company. The amount of such bond shall be based upon the following:

- (1) For attachments to 500 poles or less, a bond of \$5,000 shall be furnished, except as provided in (4) below.
- (2) For attachments to poles in excess of 500, there shall be furnished surety in the amount of \$5,000 for each additional 500 poles, or any increment thereof, shall be furnished except as provided in (3) below.

- (a) For attachments to 500 poles or less, a bond of \$2,000 shall be furnished.
- (b) For attachments to poles in excess of 500, further surety in the amount of \$2,000 for each 500 poles, or any increment thereof, shall be furnished.

X.13 Payment of Bills

X.13.1 All amounts payable by the CATV company to the Company under the provision of this tariff shall, unless otherwise specified, be payable within thirty (30) days after presentation of bills. Non-payment of any such amount when due shall constitute grounds for termination of the pole attachment rights under this tariff.

X.14 Termination of Attachments
