

CONTRACT FOR WATER SERVICE

5/8" METER

THIS CONTRACT made and entered into this _____ day of _____, 20__ between _____ parties of the FIRST PART, and BARKLEY LAKE WATER DISTRICT, Cadiz, KY, party of the SECOND PART.

The FIRST PARTY'S rights hereunder are subject to such rules and regulations as the party of the SECOND PART may prescribe. The organization may terminate service to any customer failing to pay a water bill when fifteen (15) days past due or for violating the organizations' regulations.

A FEE OF \$800.00 must be paid at time of application and a \$75.00 deposit for a total price of \$875.00 paid in two separate checks, to insure payment of monthly water bills and penalties on delinquent water accounts shall be as the party of the SECOND PART may hereafter prescribe.

The party(ies) of the FIRST PART agrees to permit the organization to lay, maintain, repair, remove and disconnect a service line and meter, and read meters at a point on customers property to be designated by the organization for each signed connection with rights of ingress and egress for these purposes of water lines where needed to serve other customers.

The part(ies) of the FIRST PART agrees to install maintain, at his own expense, a service line which shall begin at the water meter and extend to the dwelling or place of business and other portion of his premises. Landowners with less than ten (10) acres must get a permit from the Health Department. Farm owners of ten (10) acres or over must leave the trench open for inspection by the water district the following is required:

- I. Liens must be a minimum of 3/4 inch with P.S.I.;
- II. Depth must be at least 30 inches;
- III. An approved backflow preventer must be installed in any Branch line or hydrant;
- IV. No galvanized fittings are allowed;
- V. No cross connections are allowed;
- VI. Backfill with suitable material or provide encasement pipe.

A check valve has been put on your meter and according to the plumbing code (815 KAR 20:120, Section 2, paragraph 6) states: "If cross connection control devices are properly installed, they create a closed water system. A properly-sized thermal expansion tank shall be installed in the cold water supply near at the water heater".

A pressure regulator is recommended for all meters. In the event a shut-off valve is damaged, the replacement costs will consist of labor, materials, and backhoe.

A failure of the party (ies) of the FIRST PART to pay water charges duly imposed shall result in the automatic imposition of the following penalties:

- A. Non-payment within ten (10) days from the due date will be subject to a penalty of ten percent of the delinquent account.
- B. Non-payment within fifteen (15) days from the due date will result in the water being shut off from the property. In the event water is shut off due to non-payment of account, full payment must be paid before restoring water service, unless arrangements have been made with party of the SECOND PART.
- C. In the event it becomes necessary for the party of the SECOND PART to shut off the water, a fee of \$40.00 will be charged as a reconnection of the service.
- D. Adjustments will be made at the discretion of the party of the SECOND PART.
