**Breathitt County Fiscal Court Water Assistance Fund**

Starting April 1, 2011, the Breathitt County Water District has funding available to assist residential customers with the water tap on fee. This funding will be available to the first two hundred fifty applicants to apply or until funds are exhausted. This will be on a first come, first serve basis. Those eligible will be able to utilize a payment plan for the amount of three hundred dollars (\$300). The payment plan consists of twelve payments of twenty five dollars (\$25).

The tap on fee is \$325.00 during construction and \$400.00 after construction. Depending upon the status of the meter base, the customer would need to pay the remaining amount, which would either be \$25.00 or \$100.00, at the time of application.

All State requirements, such as plumbing permits, will be submitted within seven days after the meter base is installed.

The customer must be connected to the water system within fourteen days after the meter base is installed. The billing for water services will begin on the next billing cycle immediately after the customer connects to the water system.

The \$25.00 installment will be due by the 10<sup>th</sup> of each month on the remainder of the payments. Non-payment of any installment shall be grounds for service disconnection. The utility may terminate service only after five (5) days' written notice of termination is provided, and after twenty (20) days have elapsed since the mailing date of the original unpaid bill.

Persons wanting to participate will need to have a valid picture ID and proof of address.

Service Reconnection Charge as listed in the tariff will be assessed to reconnect service that has been terminated for non-payment of service or for violation of utility or PSC rules and regulations.
