All customers may pay their bills by credit/debit card. This method of payment may be made in person at the office or by phone. If, on the bill due date, an attempt to pay by credit/debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is declined, the same rules as above apply, in addition to service being disconnected.

When a customer makes a payment by credit card, the utility will assess a fee equal to that charges to the utility by the credit/debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit/debit account but may be a flat fee per transaction. Prior to processing the transaction, the customer will be informed of the fee amount and upon request by the customer, the formula employed to arrive at this fee amount.
