RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of water service by Green-Taylor Water District hereinafter referred to as the DISTRICT and applies to all service received from the DISTRICT. No employee or individual Commissioner of the DISTRICT is permitted to make an exception to Rates, Rules and Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with Public Service Commission Rules and Regulations. The DISTRICT is further subject to all Rules and Regulations of the Public Service Commission even though not contained herein.

5. Discontinuance of Service by DISTRICT

Water service may be discontinued by the DISTRICT for any violation of any rule, regulation, or condition, and especially for any of the following reasons after the requirements of Section 14 of 807 KAR 5:006 are met.

- A. Misrepresentation in the application or contract as to the property of fixtures to be supplied or additional use to be made of water.
- B. Failure to report to the DISTRICT additions to the property or fixtures to be supplied or additional use to be made of water.
- C. Resale of Water
- D. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
- E. Tampering with meters, meter seal, service, or valves, or permitting such tampering by others.
- F. Connection, cross-connection, or permitting the same, or any separate water supply to premises which receive water from the DISTRICT.
- G. Non-payment of bills.

9. Deposit

The DISTRICT reserves the right to require that a nominal amount be placed on deposit with the DISTRICT for the purpose of establishing or maintaining any customer's credit, such amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer. Upon the payment of such deposit, the DISTRICT shall issue to such customer a certificate of deposit, showing the name to the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The DISTRICT will pay to such customer interest on such deposit at the current rate that the DISTRICT is receiving from the financial institution in which it is deposited, until such deposit is reimbursed to the customer. Interest on such deposit will be paid annually until customer has established good credit by paying bill on time for 18 consecutive months.

10. Meters

All meters shall be installed, renewed, and maintained at the expense of the DISTRICT, and the DISTRICT reserves the right to approve the size and type of meter used. It shall be the policy of the DISTRICT to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066 Section 15. In addition, upon written request of any customer, the meter servicing such customer, the meter servicing such customer shall be tested by the DISTRICT, pursuant to Public Service Commission Regulation 807 KAR 5:006, Section 18.

Leak Adjustments. A customer may make a request for a bill adjustment in the event of a leak under the following conditions:

1. The customer must request a leak adjustment in writing to the utility.
2. The customer's bill will be based on two components. The first step will be to calculate the customer's average monthly usage over a twelve-month period. The second step will be to deduct the customers average monthly usage (as calculated in the above) from the total amount of water that passed through the meter. The usage calculated in step one will be billed at the utility's regular rates, while the remaining usage will be charged at the per thousand gallon leak adjustment rate, as set forth in the rates and charges portion of the utility's approved tariff. All water passing through the meter must be accounted and paid for by the customer. So the customer will owe the amount of his/her average bill plus the per thousand gallon leak adjustment rate for the remainder of the water that passed through the meter.
3. If meter readings are not available for an entire twelve-month period, the water bill will be estimated by the utility, subject to an upward or downward adjustment once a twelve-month average of actual meter readings can be calculated.
4. Only one (1) leak adjustment will be made per twelve-month period.
5. The Leak Adjustment Rate shall be:

\$2.00 per 1,000 Gallons

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 100 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

CANCELLED
AUG 01 2008
KENTUCKY PUBLIC SERVICE COMMISSION

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.
