1st Revised SHEET NO. 12

Henry County Water District # 2

CANCELLING P.S.C. KY. NO. 12

SHEET NO. _____

RULES AND REGULATIONS

WATER MAIN EXTENSION & REFUND POLICY

The District shall determine the total cost of the proposed water main extension (exclusive of the meter connections) and the total length of the extension. The District requirements are that there be an average of 5 customers per mile in order for the District to pay one-half of the construction cost. The cost shall be contributed one-half equally by those applicants desiring service on the main extension and the other one-half by the District. Each applicant will also be required to pay the District's approved "Tap-on-fee" for a meter connection to the main extension.

For a period of ten years after the original construction of the main extension, each additional customer directly connected to each particular extension will be required to contribute to the cost of the water main extension based on a recomputation of the total cost and each customer's contribution as set out above. The District must refund to those customers that have previously contributed to the cost of each main extension itself that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to that extension. All customers directly connected to each main extension for a ten year period after it is placed in service are to contribute equally to cost of construction of the water main extension itself. In addition each customer must pay the approved "Tap-on-fee" applicable at the time of their application for the meter connection. The "Tap-on-fee" is not part of the refundable cost of the extension and may be changed during the refund period.

The above mentioned refunds, will be refunded to that person that at the time of the refund owns the property that the original meter was installed with the contribution.
