JACKSON COUNTY WATER ASSOCIATION WATER DEPOSIT POLICY:

Each time an individual has a water service in their name they are charged a \$25.00 deposit for each service. After a period of six months have passed, from the date the deposit was paid, the deposit is refundable, provided there are no delinquent accounts in the individual's name. (This excludes the current bill). If an individual moves before the six months have elapsed, their deposit is refunded upon receipt of payment of their final bill.

\*\*Amount of deposit is an approximate average of three months water bills, so amount of deposit may vary depending on size of meter.\*\*

RULES AND REGULATIONS

WATER EXTENSION POLICY

The Association shall determine the total cost of the proposed water main extension (exclusive of the meter connection), and the total length of the extension. The Association shall pay that portion of the cost of the water main extension equal to fifty (50) feet for each applicant for service. That part of the cost not covered by the Association's portion, shall be contributed equally by those applicants desiring service on the main extension. Each applicant will also be required to pay the Association's approved "Tap-on-fee" for a meter connection to the main extension.

For a period of five (5) years, after the original construction of the main extension, each additional customer directly connected to each particular extension, will be required to contribute to the cost of that water main extension, based on a recomputation of both, the Association's portion of the total cost and each customer's contribution, as set out above. The Association must refund, to those customers that have previously contributed to the cost of each main extension itself, that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to that extension. All customers, directly connected to each main extension for a five (5) year period after it is placed in service, are to contribute equally to the cost of construction of the water main extension itself. In addition, each customer must pay the approved "Tap-on-fee" applicable at the time of their application, for the meter connection. The "Tap-on-fee" is not part of the refundable cost of the extension, and may be changed during the refund period. After the five (5) year refund period expires, any additional customer applying for service on each main extension, must be connected for the amount of the approved "Tap-on-fee" only. Also after the five (5) year refund period expires, the Association will be required to make refunds for an additional five (5) year period in accordance with, P.S.C. 807 KAR 5:066 Section 12 (b).

RULES AND REGULATIONS

1. Bills will be rendered and be payable once each month. The Association may read any meter once each month, but ordinarily it will read meters of the General Service Rate Schedule customers once each two months. As to any customer whose meter is read once each two months, the consumption for the first month of each bimonthly meter-reading period shall be determined by calculation on the basis of the customer's previous usage- considering factors such as variations in weather, the trend in seasonal usage, etc, in order to provide as nearly accurate a bill as possible without actually reading the meter. The customer's consumption for the second month of each bimonthly meter-reading period shall be determined by actual measurement taken from the customer's meter, subtracting therefrom the calculated consumption for the first month of the bimonthly meter-reading period. The bill for each month shall be the result of applying to the consumption, determined as aforesaid, the applicable rates and charges contained in this tariff.

2. Testing of meters:

2. The Association shall make a test of any meter upon written request of any customer provided such request is not made more frequently than once each twelve months or the meter is not scheduled for a periodic test. If such tests show the meter to be more than 2% fast or slow. \$ 7.00 amount advanced shall be refunded to the customer and adjustments made pursuant to Commission's General Rule IX for "Bill Adjustment", If the meter is found not to be more than 2% fast or slow, the amount advanced by the customer shall be retained by the Company.

Customer Deposit

3. The Association may require from any customer or applicant for service a minimum cash deposit or other guaranty to secure payment of bills of an amount not to exceed two-twelfths (2/12) of the estimated annual bill of such customer or applicant. The Association shall issue to every customer from whom a deposit is received, a certificate of deposit, showing the name of the customer, location of initial premises occupied, date and amount of the deposit. The Association shall pay interest at six percent (6%) annually on amounts required to be deposited by customers.

**RULES AND REGULATIONS**

**APPLICATION FOR SERVICE:** Each prospective customer desiring water service is required to sign the Association's Standard Water Service Contract before service is supplied by the Association. No service will be installed unless there is a main distribution line existing along the road from which service is requested. The Association will install a water service line 50 ft. in length, if 50 feet will reach prospective customer's property. The Association, for a cost of \$1.00 per foot, will install an additional 50 ft. of service line if the additional 50 ft. will reach the prospective customer's property. If prospective customer's property is over 100 ft. from water main, the prospective customer is out of range. In order for the prospective customer to get water service, the Water Association may set prospective customer a meter within 5 ft. of water main or if service is desired on opposite side of road from water main the service line will be run under road. The Association can only do this if the prospective customer has a signed agreement with the property owner. The length of service line will comply with Public Service Commission requirements. A contribution in aid of construction as provided in the schedule of rates and changes must be paid on all new connections to the existing water line. Applications for service connection installation will not be processed if the applicant is indebted to the Water Association on a past due account, bad debt or any other fashion whatsoever. Extensions to the utility's main shall be in accordance with 807 KAR 5:066, SECTION 12 (2)

The Association may read any meter once each month but ordinarily it will read meters of the General Service Rate Schedule customers once each two months. As to any customer whose meter is read once each two months the consumption for the first month of each bi-monthly meter reading period shall be determined by calculation on the basis of the customer's previous usage-considering factors such as variations in weather, the trend in seasonal usage, etc., in order to provide as nearly accurate a bill as possible without actually reading the meter. (2)

Bills paid on or before the final date of payment shall be payable at the net rates. Should the final date for payment of the bill fall on a Sunday or Holiday, the business day next following the final date will be held as a day of grace for delivery of payment.

**DISCONTINUANCE OF SERVICE BY THE WATER ASSOCIATION:** The Water Association may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations or for violation of any of the provisions of the Schedules of Rates and Changes or of the customer service contract. The Water Association may discontinue service to customer for the theft of water or the appearance of water theft devices on premises of customer. The Water Association shall not be required to restore service until the customer has complied with all rules and regulations of the Public Service Commission and the Water Association has been reimbursed for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use. All discontinuance of services is subject to the Notice Requirements of 807 KAR 5:006, SECTION 11.

**DEPOSIT:** A deposit or suitable guarantee equal to approximately twice the average monthly water bill may be required of any customer before water service is supplied. The Association may at its option return the deposit plus six percent (6%) annual interest to the customer after one year. Upon termination of service, deposit and interest may be applied by the Water Association against any unpaid bills of the customer and if any balance remains after such application is made, said balance shall be refunded to the customer. Upon demand by the customer, the Water Association will pay or credit bill of customer with interest at the end of each year from date of deposit, providing demand is made by the customer for payment or credit. In the absence of such demand interest continues to run, but the company may voluntarily credit the bill with interest.

**CUSTOMER'S SERVICE LINE:** The Water Association will have the right to do an open ditch inspection of customer's service line. The purpose of the inspection is to make sure the customer has a service line consisting of copper or P.V.C. pipe with a rating of not less than 160 P.S.I., a shut down valve, a check valve and a depth of at least 30 inches. The size of service line beyond the point of delivery should not be less than 3/4", however a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery.

**RIGHT OF ACCESS:** The customer must agree to permit the Water Association to lay, maintain, repair or remove such water lines which is the property of the Water Association located on the customer's property with the right of ingress and egress over customer's property. The Association duly authorized representative and or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing in accordance with the provisions of these Rules and Regulations. The customer must agree to maintain area around meter in a manner that will make it easily accessible to the Association.

**INTERRUPTION OF SERVICE:** The Association will use reasonable diligence in supplying water service and shall make effort to notify affected customers in the event of a service interruption and approximate time of service restoration.

**ADDITIONAL LOAD:** The service connection supplied by the Water Association for each customer has a definite capacity and no addition to the equipment or load connected thereto will be allowed except by consent of the Water Association. Failure to give notice of additions or changes in load and to obtain the Association's consent for same, may render the customer liable for damage to any of the Associations lines or equipment caused by the additional or changed installation as determined by a court of law having jurisdiction over the parties.

**NOTICE OF TROUBLE:** Customer shall notify the Water Association immediately should the service be unsatisfactory for any reason or should there be any defects, trouble or accidents affecting the supply of water. Such notices, if verbal, should be confirmed in writing.

**NONSTANDARD SERVICE:** Customer shall pay the cost of any special installation necessary to meet his peculiar requirements for service other than standard water tap.

**SCOPE:** This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the Water Association and applies to all service received from the Association whether the service is based upon contract, agreement, signed application or otherwise. A copy of this schedule, together with a copy of the Association's Schedule of Rates and Charges, shall be kept open to inspection at the Office of the Association.

**DAMAGE TO ASSOCIATION'S WATER SYSTEM:** No person shall maliciously, wilfully or negligently break, damage, destroy, uncover, deface or tamper with any structure appurtenance or equipment which is a part of the Association's water works. Any person violating this provision shall be subject to discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenances as may be determined by a court of law having jurisdiction.

CONTRACT FOR WATER SERVICES

This contract made and entered into this \_\_\_\_ day of \_\_\_\_\_, 198\_\_ between \_\_\_\_\_ whose address is \_\_\_\_\_ party of the FIRST PART, and the Jackson County Water Association, Inc., Tyner, Kentucky, party of the SECOND PART.

Witnesseth that for and in consideration of the efforts of the party of the SECOND PART, acting through the Jackson County Water Association, the party of the FIRST PART agrees to pay a connection fee of \_\_\_\_\_ at the time of signing this contract, to connect to the water system and to pay at least a minimum bill monthly thereafter as soon as the \_\_\_\_\_ meter is installed by the Jackson County Water Association and water is made available to the meter, regardless of whether the FIRST PARTY connects to the system.

The party of the FIRST PART, agrees to permit the Jackson County Water Association to lay, maintain, repair, remove and disconnect a service line and meter, and read meters at a point on customer's property to be designated by the Jackson County Water Association, for each signed connection with the right of ingress and egress on property.

The party of the FIRST PART agrees that no other present or future source of water will be connected to any water lines served by the Jackson County Water Association's water lines and will disconnect from his present water supply prior to connecting to and switching to the Jackson County Water Association's system and shall eliminate their present or future cross-connections in his system.

A separate water meter must be installed for each residence.

A separate contract will be required for each trailer park.

The party of the FIRST PART shall install and maintain at his own expense a service line which shall begin at the meter and extend to the dwelling or place of use.

The party of the FIRST PART agrees to allow the Jackson County Water Association to inspect the service line from the meter to the place of use for the purpose of making sure it complies with the Jackson County Water Association's Rules and Regulations.

The party of the FIRST PART agrees to maintain area around the meter in a manner that will make the meter easily accessible to the Jackson County Water Association

The party of the FIRST PART agrees to comply with and be bound by the Articles, By-Laws, Rules and Regulations of the Jackson County Water Association now in force or as hereafter duly and legally supplemented, amended or changed.
