P.S.C. Ky. No. 2

Original Sheet No. 9

Cancelling P.S.C. Ky. No. 1

Original Sheet No. 2

Jessamine County Water District No. 1

**RULES AND REGULATIONS**

if the meter is found to register incorrectly to the customer's prejudice more than two percent (2), the District shall recalculate the customer's bill in accordance with the foregoing provisions.

- F. When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be notified in writing of the date of installation, the meter identification number, the date of testing and the percentage of error, and the amount of charge or credit due.
- G. When a meter has ceased to register or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six (6) months consumption and the conditions of water service prevailing during the period in which the meter failed to register.

**14. INTERRUPTION OF SERVICE**

The District shall make all reasonable efforts to eliminate interruption of service and, when such interruptions occur, will endeavor to reestablish service with the shortest possible delay. When service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.

The District shall in no event be held responsible for any claim against it by reason of the breakage of any mains or service pipes or by reason of any interruption of the supply of water caused by the failure of equipment or stoppage for necessary repairs, or by reason of excessive or inadequate water pressure. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

The District's system is designed for rural domestic consumption and its provision of fire hydrants is only for such benefit as said customers may be able to derive from such connection. The District's system is not designed nor intended for use as fire protection. Any customer who uses same for fire protection does so at his own full and sole responsibility and risk.
