NON-RECURRING CHARGES

Credit/Debit Card Fee:

Actual Cost

Will be assessed to customers that pay their bill by credit or debit card. This method of payment may be made by telephone or in person at the Lyon County Water District office during normal business hours.

If on the bill due date an attempt to pay by credit/debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied, the same rules as above apply, in addition to service being disconnected.

When a customer makes a payment by credit or debit card, the credit or debit card processing company will assess the customer a separate processing fee based on the actual processing cost of the credit and /or debit card used to process the transaction. This fee is charges to the cardholder's account, but is paid to the processing company and not the utility. Prior to processing the transaction, the customer will be informed of the fee to process the transaction and given the option of proceeding with the transaction.
