RULES AND REGULATIONS

WATER SHORTAGE RESPONSE PLAN

McKINNEY WATER DISTRICT

McKINNEY, KENTUCKY

Section 1. Purpose. The purpose of this plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the McKinney Water District in the event a water shortage is declared.

COMMISSION
PUBLIC SERVICE
KENTUCKY
FEES

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

AUG 22 1988

- (a) "Customer" shall mean any person or entity using water for any purpose from the McKinney Water District distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash charge is made at the site of delivery.
- (b) "Raw Water Supplies" shall mean all water potentially available to persons in the McKinney Water District.
- (c) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.

RULES AND REGULATIONS

(d) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

(e) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(f) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs that serious shortages exist in the area.

(g) "Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

RULES AND REGULATIONS

"Treated Water" shall mean water that has been introduced by the McKinney Water District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water, listed by site or user type, are essential.

Domestic:

- water necessary to sustain human life and the lives of domestic pets, and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including the installation and operation of swimming pools.

Water Hauling:

- sales of domestic use where not reasonably available elsewhere.

Public Use:

- firefighting,
- health and public protection purposes, if specifically approved by health officials.

RULES AND REGULATIONS

Socially or Economically Important Uses (class 2) :

The following uses of water, listed by site or user type, are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes,
- laundromats
- restaurants, clubs and eating places.
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non-Commercial Watering:

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,

Non-Essential Uses (Class 3) :

Any waste of water, as defined herein, is non-essential. The following uses of water, listed by site or user type, are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and fire hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, hotels, and eating places, except by customer request,
- failure to repair a controllable leak,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental Purposes:

- fountains, reflecting pools and artificial waterfalls,

- flushing gutters or permitting water to run or accumulate in any gutter or street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the McKinney Water District. When implemented, this plan becomes McKinney's Water Shortage Response Regulation.

Section 4 Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted water shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the McKinney Water District Commissioners.

Section 6. Term of Water Shortage Declaration. Any Water shortage declaration shall remain in effect until water supplies of service conditions

have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Commissioners of McKinney Water District.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

(1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be below demand, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the McKinney Water District draws water.

(2) Conservation and Curtailment Measures:

- (a) Declare a Water Shortage Advisory.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all non-essential (Class 3) water use.
- (e) Request wholesale customers also issue request for

voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

(1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 15% below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs.

(2) Conservation and Curtailment Measures:

- (a) Declare water shortage Alert.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.
- (e) Curtail entitlements to all customers by the same percentage as the projected shortage.
- (f) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$10.00 per 1,000 gallons.

governing body shall make findings of fact and decide whether service should continue or terminate.

(c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.

(d) The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this plan.

Section 9. Request for Exception.

(a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the (McKinney Water District) for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is

9704

The City of Stanford has adopted the following plan as of August 11, 1988:

1. Any person or persons using under the minimum of 2,000 gallons per month are exempt from penalties and surcharges.
2. Each person of a household is allotted 40 gallons per day or 1,200 gallons per 30 days. If a 2 person household goes over their allotment by 1,000 gallons, a \$ 25.00 surcharge will be added to their bill with a \$ 2.00 additional fee for every 100 gallons used over the 1,000. Customer is to pay for all water used at present rates; if more than a 2 person household goes over their allotment by 501 gallons, a \$ 25.00 surcharge will be added to their bill with a \$ 2.00 additional fee for every 100 gallons used over 501. Customer is to pay for all water used at present rates.
NOTE: Each household is to fill out a form stating the amount of people in their household and return it to our office within 5 days of delivery of form. Falsification of this form will constitute a \$ 100.00 fine. If form is not returned within 5 days, customer will be considered as one person, receiving only 1,200 gallons per 30 days.
3. All commercial customers allotment will be reduced by 10% of their present allotment. If use is over their allotment by 501 a \$ 25.00 surcharge and a \$ 2.00 additional fee for every 100 gallons over will be added to their bill.
4. All manufacturing customers will continue under their present 10% reduction of water used. If they use over their allotment by 501 gallons a \$ 25.00 surcharge and a \$ 2.00 additional fee for every 100 gallons over will be added to their bill. All contractual water customers will be considered as manufacturing customers.
5. Requests for additional water allowances must be made in writing and approved in advance by the water commission. Requests will only be approved for medical reasons or necessary to sustain human life and to maintain minimum standards of hygiene and sanitation.
6. The previous 10% resolution passed by the City Council of July 7 1988 will remain in effect until meters are read to determine August usage. Water allotments for September and thereafter are covered by this resolution.
