# Northern Kentucky Water District

## CONSENT FOR CLEANUP

- The Northern Kentucky Water District (NKWD) will assist its customers in reasonable cleanup efforts related to a water main break. This is usually limited to assisting with removal of water from a residence or business and providing limited drying equipment (through an NKWD contractor).
- The cleanup assistance offered by NKWD is an accommodation to the homeowner, tenant, or business. **These actions should not be construed as an admission of liability by NKWD for any damage, or an agreement to pay for any damage repair costs or replacement of damaged items.**
- The homeowner/tenant/business owner has the right to refuse these complimentary services.
- The homeowner/tenant/business understands that NKWD will specify what cleanup services are offered at NKWD's cost.
- The homeowner/tenant/business may contract with the NKWD's cleanup contractor for additional services at his/her/its own cost.

In consideration for the services outlined above, I agree to the above terms and conditions, consent to the cleanup work to be performed, and understand that such cleanup efforts by NKWD should not be seen as an admission of liability for damage or any other claims. Further, I understand that I am not required to sign this agreement; however, cleanup services will not be provided by NKWD at its cost without the execution of this document.
