WATER SHORTAGE RESPONSE PLAN OF THE U.S. 60
WATER DISTRICT OF SHELBY AND FRANKLIN COUNTIES PUBLIC SERVICE
COMMISSION

Section 1. Purpose. The purpose of this Plan is to provide for the declaration of official phases of water supply shortages and the implementation of voluntary and mandatory water conservation measures throughout the U.S. 60 Water District of Shelby and Franklin Counties (hereinafter the "District") in the event a shortage is declared. Nothing in this Plan shall be construed to interfere with common law riparian or statutory water rights.

Section 2. Definitions. These terms are applicable only for this Plan unless specifically noted.

- A. "Customer" shall mean any person or entity using water for any purpose from the District water distribution system.
- B. "Raw Water Supplies" shall mean all water potentially available to persons in the District.
- C. "Treated Water" shall mean water that has been introduced by the District into its water distribution system, including water offered for sale. Uses of treated water are classified as follows:

Essential Water Uses (Class 1):

The following uses of water are essential.

Domestic:

- water necessary to sustain human life and to maintain minimum standards of hygiene and sanitation.

Health Care Facilities:

- patient care and rehabilitation, including related filling and operation of swimming pools for health purposes only at an established health care facility.

Water Hauling:

- sales for domestic use where not reasonably available elsewhere.

SECTION 9 (1)

[Handwritten signature]

Public Use:

- firefighting, health and public protection purposes, if specifically approved by health officials.

Socially or Economically Important Uses (Class 2):

The following uses of water are socially or economically important.

Domestic:

- personal, in-house water use including kitchen, bathroom and laundry.

Water Hauling:

- non-domestic, when other sources are not reasonably available elsewhere.

Commercial and Civic Use:

- commercial car and truck washes,
- laundromats
- restaurants, clubs and eating places
- schools, churches, motels/hotels and similar commercial establishments.

Outdoor Non-Commercial Watering (using conservation methods and when other sources of water are not available or feasible to use):

- minimal watering of vegetable gardens,
- minimal watering of trees where necessary to preserve them.

Outdoor Commercial or Public Watering (using conservation methods and when other sources of water are not available or feasible to use):

- agricultural irrigation for the production of food and fiber or the maintenance of livestock,
- watering by arboretums and public gardens of national, state, regional or community significance where necessary to preserve specimens,

JUL 30 1990

607 KAR 6-014

- watering by commercial nurseries at a minimum level necessary to maintain stock,
- watering of woody plants where necessary to preserve them,
- minimal watering of golf course greens.

Recreational:

- operation of public swimming pools and private pools that serve more than 25 dwelling units.

Air Conditioning

- refilling for startup at the beginning of the cooling season,
- makeup of water during the cooling season,
- refilling specifically approved by health officials where the system has been drained for health protection or repair services.

Miscellaneous

- any use not otherwise listed under Class 1 or Class 3.

Non-Essential Uses (Class 3):

The following uses of water are non-essential.

Public Use:

- use of fire hydrants (excluding Class 1 and Class 2 uses), including use of sprinkler caps, testing fire apparatus and fire department drills,
- flushing of sewers and hydrants except as needed to ensure public health and safety as approved by health officials.

Commercial and Civic Use:

- serving water in restaurants, clubs, or eating places, except by customer request,
- increasing water levels in scenic and recreational ponds and lakes, except for the minimum amount required to support fish and wildlife.

Ornamental purposes:

- fountains, reflecting pools and artificial waterfalls.

Outdoor Non-Commercial Watering:

- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts or other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Outdoor Commercial or Public Watering:

- expanding nursery facilities, placing new irrigated agricultural land in production, or planting of landscaping,
- use of water for dirt control or compaction,
- watering of annual or non-woody plants, lawns, parks, golf course fairways, playing fields and other recreational areas,
- washing sidewalks, walkways, driveways, parking lots, tennis courts and other hard-surface areas,
- washing down buildings or structures for purposes other than immediate fire protection,
- flushing gutters or permitting water to run or accumulate in any gutter or street.

Recreational uses other than those specified in Class 2.

Non-commercial washing of cars, other vehicles and other outdoor property.

Air Conditioning (see also Class 2 purposes).

- refilling cooling towers after draining

JUL 30 1990

Waste of water, including but not limited to the failure to repair a controllable leak.

- D. "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.
- E. "Curtailed Entitlement" shall mean the monthly usage permitted for a customer after the Base Entitlement has been reduced by the curtailment percentage.
- F. "Curtailment" shall mean the reduction in Base Entitlement by some percentage to meet anticipated water shortages.
- G. Water Shortage Response Phases:
 - (1) "Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.
 - (2) "Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.
 - (3) "Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.
- H. "Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the District. When implemented, this Plan becomes the U.S. 60 Water District Water Shortage Response Regulation.

Section 4. Entitlement. Entitlement shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Whenever the District's manager believes that a water shortage may be

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

imminent, water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Manager of the District, with written notification to the County Judge Executives of Shelby and Franklin Counties.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies or service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Manager of the District.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

- (1) Criteria: A water advisory may be declared whenever the manager of the District finds that a potential shortage of the supply of raw or treated water exists or will exist.
- (2) Conservation and Curtailment Measures:
 - (a) Declare a WATER SHORTAGE ADVISORY.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Request voluntary conservation of all water use.
 - (e) Request wholesale customers also issue request for voluntary conservation by their customers of all water use.

B. Alert Stage:

- (1) Criteria: A water shortage alert may be declared whenever the manager of the District finds that a condition exists where the District will not be able to meet the expected needs of its customers.

(2) Conservation and Curtailment Measures:

PUBLIC SERVICE
COMMISSION

- (a) Declare a WATER SHORTAGE ALERT.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Request voluntary conservation of all water use.
- (e) Prohibit all non-essential (Class 3) water uses.
- (f) Curtail Entitlement to all customers by the same percentage as the projected shortage.
- (g) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$10.00 per 1,000 gallons.

C. Emergency Stage:

(1) Criteria: A water shortage emergency may be declared whenever the manager of the District finds that the District is unable to meet the expected needs of its customers and that such a condition will exist for some period of time in the future.

(2) Conservation and Curtailment Measures:

- (a) Declare a WATER SHORTAGE EMERGENCY.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.
- (e) Prohibit all Class 2 uses of water except Domestic uses for kitchens, bathrooms and laundries, and water necessary to sustain livestock life.
- (f) Curtailed Entitlement to all customers the same percentages as the projected shortage.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 30 1990

OFFICE OF THE PUBLIC SERVICE COMMISSION

1007 KAP 5.011,
SECTION 9.02
Thomas S. Miller
DISTRICT MANAGER

- (g) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$25.00 per 1,000 gallons.

D. Rationing Stage:

- (1) Criteria: Water shortage rationing may be declared whenever the manager of the District finds that the District is unable to meet the expected needs of its customers and that such a condition will exist for some period of time in the future, and upon approval by the commissioners of the District that mandatory rationing is required to insure adequate water is available to maintain public health and safety.
- (2) Conservation and Curtailment Measures:
 - (a) Declare WATER SHORTAGE RATIONING.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Prohibit all Class 3 and Class 2 uses of water.
 - (e) Curtailed Entitlement to all customers by the same percentage as the projected shortage.
 - (f) Implement service interruptions to portions of system in accordance with approved published schedule. The schedule shall be provided to all local media.
 - (g) Begin billing all customer water usage in excess of curtailed entitlement at the normal rate plus an excess usage charge of \$50.00 per 1,000 gallons.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

- (a) If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, including but not limited to exceeding a

EFFECTIVE

Curtailed Entitlement, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.

- (b) The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.
- (c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.

Section 9. Request for Exception.

- (a) Exception to water use restriction: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Board of Commissioners of the District for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, normal water service shall be continued until a decision is announced. Any customer aggrieved by the decision may file a complaint with the Public Service Commission.
- (b) No Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date. This Plan shall take effect immediately upon approval of the Public Service Commission.
