

WEST CARROLL WATER DISTRICT

**RULES AND REGULATIONS**

(7) Actual construction cost for the extension will be calculated on a "line-item" basis. Other cost associated with the extension will be calculated on an "incurred" basis. When the construction project is finished the prospective Customer(s) will be required to pay any cost above their initial payment for the cost of the extension or be refunded any balance not used for the extension.

(A) A work sheet for calculation of Customer(s) contribution for water main extension and a contract for water main extension will be completed and signed by all parties with each receiving a copy.

6. INSTALLATION OF SERVICE LINES:

- (a) Where its mains now exist or may hereafter be constructed the District will, after receipt of the appropriate connection fee, install the service pipe and appurtenances between the water main to a point on or near the street right away or property line most accessible to the District from its distribution system. In areas where distribution system does not follow streets or roads, the point of service shall be located as near the prospective customers property line as practicable. Prior to installation of the service line, the District shall consult with the prospective customer as to the most practical location along the roadway up to and including the stop cock and curb cock, or the coppersetter when installed in the meter box at or near the property line, provided that the service pipe is required for the immediate and continuous supply of water for general water service to premises abutting the public highway upon which such mains are located; and all such service pipes and appurtenances shall be installed only by the District.
- (b) The District will maintain such service pipes and appurtenances laid by it, but will not maintain any service pipes which are Customer owned.
- (c) The District will make all connections to its main and will specify the size, kind and quality of all materials.
- (d) The corporation stop, curb cock, curb box, meter box and the street service pipe from the street main to the curb cock will be furnished, installed and maintained by the District and shall remain under its sole control and jurisdiction.
- (e) The curb cock or meter box will be set on a level with the grade of the property as found and shall be kept accessible at all times.
