WEST SHELBY WATER DISTRICT

RULES AND REGULATIONS

24. Additional Load

The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto shall be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, shall render the customer liable to the District for all loss, cost, and expense, including but not limited to attorneys fees and court costs, for any damage to any of the District's lines or equipment caused by the additional or changed installation.

25. Notice of Trouble

Customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble, or accidents affecting the supply of water. Such notices, if verbal, shall be confirmed in writing.

26. Distribution Extensions

JAN 01 1988

Any person desiring an extension to the District's system shall request in writing in a form approved by the District for such extensions. Any requested extension shall be provided as follows:

PURSUANT TO 807 KAR 5:011,  
BY: *[Signature]*  
PUBLIC SERVICE COMMISSION MANAGER

The District shall determine the total cost of the proposed water main extension (exclusive of the meter connection) and the total length of the extension. The District shall pay that portion of the cost of the water main extension equal to 50 feet for each applicant for service. That part of the cost not covered by the District's portion shall be contributed equally by those applicants desiring service on the main extension. Each applicant will also be required to pay the District's approved "Tap-on-fee" for a meter connection to the main extension.

For a period of five years after the original construction of the main extension each additional customer directly connected to each particular extension will be required to contribute to the cost of that water main extension based on a recomputation of both the District's portion of the total cost and each customer's contribution as set out above. The District must refund to those customers that have previously contributed to the cost of each main extension itself that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to that extension. All customers directly connected to each main extension for a five year period after it is

placed in service are to contribute equally to cost of construction of the water main extension itself. In addition each customer must pay the approved "Tap-on-fee" applicable at the time of their application for the meter connection. The Tap-on-fee" is not part of the refundable cost of the extension and may be charged during the refund period. After the five-year refund period expires, any additional customer applying for service on each main extension must be connected for the amount of the approved "Tap-on-fee" only. Also, after the five-year refund period expires, the District will make refunds for an additional five year period as follows:

Each year for a period of not less than five (5) years, which for the purpose of this rule shall be the refund period, the District shall refund to the customer or customers who paid for the excessive footage the cost of fifty feet (50) of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the District. After the end of the refund period, no refund will be required to be made.

An applicant desiring an extension to a proposed real estate subdivision will be required to pay the entire cost of the extension and no refund shall be made under the 50' rule as subdivider can add this cost, to cost of lots, if he so desires.

All taps and connections to the extended line shall be made by District personnel.

Nothing contained herein shall be construed to prohibit the District from making extensions under different arrangements **PUBLIC SERVICE COMMISSION PROVIDED** such arrangements have been approved by the Public Service Commission. **EFFECTIVE**

WEST SHELBY WATER DISTRICT

RULES AND REGULATIONS

26. Distribution Extensions (Cont.'d)

It is the District's policy to use surplus District revenues to assist, in a nondiscriminatory manner, the extension of the District's water distribution system to areas not yet served by public water systems. When the District's surplus revenues permit, the District finds that there is a substantial opportunity for repayment of the District's additional contribution to construction costs, the District finds that the proposed extension will not otherwise be constructed, and the initial applicants unanimously agree, the District may, under the restrictions of this rule, contribute additional construction funds (over and above the 50' rule contribution) for the purpose of reducing each initial applicant's required contribution.

When this occurs the District shall treat itself as one or more additional applicants, and shall accordingly contribute additional construction funds in an amount equal to each applicant's required contribution times the number of the District's contributions as an applicant(s). The District shall also contribute the appropriate additional sums under the 50' rule. All applicants other than the District shall execute in favor of the District a written assignment of each applicant's future refunds under this rule. Each refund so received shall be applied by the District toward the District's construction contribution for the water main extension (but not including the District's additional 50' rule contributions). Once the District's construction contribution has been repaid in full the assignments shall expire and all future refunds shall be paid directly to all applicants other than the District. In addition those refunds which would otherwise be paid to the District shall then be evenly divided between all applicants other than the District.
