Western Lewis-Rectorville Water & Gas District
(Water Division)

PAYMENT BY CREDIT / DEBIT CARDS:

Customers may choose to pay their bill by credit or debit card in person at the Utility office or by telephone. A customer that chooses to use this form of payment will incur a convenience fee to allow the Utility to recoup the costs it is charged by the processing agent for the transaction. The convenience fee is assessed on a per transaction basis, and paying the combined water & gas bill in one credit/debit card transaction will result in only one convenience fee being assessed

If on the bill due date an attempt to pay by credit or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date, and all late charges and fees will be applied. If a customer is paying on the disconnect day and the card is denied, the same rules as above will apply, in addition to service being disconnected.

Whenever a customer chooses to make a payment by credit or debit card, the Utility is charged a transaction fee by the credit/debit card processing agent. Therefore, whenever a customer chooses to make a payment by credit or debit card, the customer will be charged a convenience fee to recoup the costs the Utility incurs for providing this optional method of payment.

Prior to processing the transaction, the customer will be informed of the amount of the convenience fee and, upon request by the customer, the methodology employed to arrive at the amount.

(Water Division)

CANCELLING PSC KY NO. _____

SHEET NO. _____

>Continued from prior page

The amount of the convenience fee is limited to only recover the cost of providing this specific service and to yield only enough revenue to pay the expenses the Utility incurs for providing this specific service. In order to comply with these rules, the Utility must adjust the amount of the fee, either up or down, on an annual basis by dividing the amount it is charged by the processing agent(s) by the number of transactions over a 12-month period ending June 30 of each year. This calculation must be submitted to the PSC no later than August 1 of each year. If the filing is accepted by the PSC, the newly calculated rate will become effective on August 31 of each year and must be included with the Utility's on-file tariff. Failure to submit a timely filing will result in the Utility forfeiting its authority to charge this fee.

The actual amount of the convenience fee and the manner in which it is calculated is shown on Page 5 of this tariff.
