Whitley County Water District #1

RULES AND REGULATIONS

The following Rules and Regulations are subject to change at any time subject to approval by the Kentucky Public Service Commission.

1. Where an adequate water distribution main is not available to the property for which customer has requested service, the District will install 50 feet of main at no cost to customer with remaining costs to be paid by customer in advance of construction plus the applicable connection fee.
2. A customer requesting water service to rental property shall place a deposit of \$20.00 with the District. Said deposit shall be refunded at such time as customer discontinues his service less any unpaid accounts. The District shall pay interest at the rate of 6% annually on all deposits.
3. Multiple residence units (including mobile homes) served through a single meter connection shall be billed under the established rate schedule for the number of residence units served. (Total metered consumption divided by number of residence units = number gallons each unit to be billed for.)
4. The District may disconnect a customers service for non-payment of the water bill after twenty (20) days from the mailing date subject to the Regulation of the Kentucky Public Service Commission.
5. The District may charge the customer a \$5.00 re-connection fee plus the delinquent amount to reconnect water service.
6. The customer shall not re-sell or give away water.
7. Water service installations on customers property shall comply with the Kentucky State Plumbing Code.
8. Water meters are the property of the Water District and shall be maintained by the District.
9. Metered customers may request a test of their meter if it is believed that the registration is incorrect. If the results of such test show the meter to be accurate within 2 per cent plus or minus the customer will pay the actual cost of the meter test. Otherwise the meter will be corrected at the District's cost.

RULES AND REGULATIONS

- 10. All meters shall be set in front of the property to be served.
- 11. No cross connections with cisterns, springs, wells or any other private systems shall be permitted. If such a cross connection is found to exist, water service shall be discontinued at that location until same has been eliminated.
- 12. Water Bills are due when rendered and will be considered delinquent after ten (10) days from date of mailing. Bill not paid within ten (10) days will be subject to a ten (10) percent penalty.
