RULES AND REGULATIONS

17. Meters shall be check-read by District personnel periodically. Any discrepancy between the actual meter reading as determined by District personnel and that reported by the customer shall be reconciled by dividing the difference between the observed and reported meter readings by the number of months since the meter was last check-read. The average amount of discrepancy thus determined shall then be added to or subtracted from each month's consumption during the period in question and each bill adjusted accordingly.

18. In the event a customer's consumption increases due to a leak, his bill will be adjusted to a charge of ~~86¢~~ per 1,000 gallons for all water over twice his average monthly consumption over the 3 months immediately preceding the discovery of the leak. It shall be the customer's responsibility to repair any leak immediately upon discovery and only one bill will be adjusted.
